NOTICE RE PARKING IN MADOC VILLAGE

It has been found necessary by the Council of the Corporation of the Village of Madoc, commencing May 1st, 1964, to enforce By-Laws 666 and 810 in order to regulate parking and the flow of traffic on St. Lawrence Street and Durham Street.

The said By-Laws provide as follows:

1. No person shall double park a vehicle on Durham Street between Livingstone Avenue and the driveway on the north side of Blue's Hotel and on St. Lawrence Street (No. 7 Highway) between Davidson Street (United Church Corner) and Russell Street (Highway No. 62).

2. No person shall park a vehicle for more than ONE HOUR between the hours of 7 a.m. and 7 p.m. on any day except Sunday and Legal holidays on the north side of St. Lawrence Street from Davidson Street to Russell Street and on the south side of St. Lawrence Street from Durham Street east to Davidson Street and on the east and west sides of Durham Street from Blue's Hotel to Livingstone Avenue.

3. Any person convicted of an offence under the said By-Laws shall be subject to a fine of not more than \$10.00 for the first offence and not more than \$25.00 for any subsequent offence.

MADOC VILLAGE COUNCIL MINUTES

The regular meeting of Madoc Village Council was held in the Council Chambers on Monday, May 4th, at 7.30 p.m.

Present: Reeve Burnside, Councillors Bruce White, Olive Ashe, T. C. Barton, R. F. Dafeo. Also present were the auditor, Mr. McDonald, Peterborough, treasurer, Jack Livingstone, and assessor Robt. Comerford. The auditor's report was discussed relative to setting the tax rate for the current year.

Barton—Dafeo—that the minutes of the last special and regular meetings be adopted as read.

Barton—White—that Council concur in the request put forward by Kincaid Bros. re demolition of house on Elgin Street and the construction of a parking lot.

Ashe—White—that permission be granted to the local Home and School Association to hold a tag day, to be held on Saturday, May 16th, 1964, in the village of Madoc.

Dafeo—Ashe—that the Clerk be authorized to write Wonder Bread Co. Ltd. re peddling by-law that is in force in the Village of Madoc. It being reported that this Company is peddling in the Village without a permit.

White—Barton—that the following correspondence be received and filed: W. A. Willemssen, Madoc; Quinte Area Emergency Measure Organization; J. D. Lee and Co. Ltd.; Carl E. Bateman, County of Hastings; J. B. Harden, Township of Sidney; Town of Newmarket; Dept. of Municipal Affairs; Dept. of Highways, Bancroft; C. T. Rollins, M.P.P.; Dept. of Economics and Development, Toronto; D. W. Wright, St. Thomas, Ont.; Centre Hastings High School District. A letter from Cook's Wholesale, Madoc, was received by Council, and tabled, to be brought forward at the next meeting of Council.

Ashe—Barton—After much discussion with Police Chief John McCann on the police report for month of April, the report be accepted by Council.

Dafeo—Ashe—that as all accounts have been signed by the respective chairmen, that they be paid. Also those paid during the month be ratified: Walter Brett, \$41.50; Murray Smith, \$57.00; Grinnell and Co., \$14.63; Marvin Johnston, \$9.94; Ed. Gates, \$20.00; Marvel Chemicals, \$15.92; Pigden Plumbing, \$5.00; C.P. R. (Jas. Keller), \$2.80; Goldie Ellis, \$10.00; Crest Hardware, \$31.51; Connor Hardware, \$11.50; C. R. Hagerman, \$8.00; Don's B.A., \$5.00; Don's B.A., \$3.00; Kincaid's I.G.A., \$98.17; Ed. Kramp, \$7.85; Safety Supply Co., \$68.85; Pigden Plumbing, \$10.50; Safety Supply, \$74.31; Walter Brett, \$9.72.

White—Barton—that the Corporation of the Village of Madoc request the Dept. of Highways, Bancroft, for rental of grader for scarifying streets in the village on May 14th, and 15th. White—Dafeo—that Council adjourn to the call of the Reeve.

J. A. Kincaid, Clerk.

KINCAID BROS. TO ENLARGE PARKING AREA

To help out the parking situation in the business section, Kincaid Bros. have decided to enlarge their parking lot at the rear of their IGA Food Market. When completed the lot will hold about 100 cars.

Located on the property is a double frame house, one of the oldest houses in the village, known as the Pine house and for many years owned and occupied by Dr. Pine, a veterinarian.

Mr. Kincaid informed the Review that the parking lot, when completed will be available for use by the general public as well as their own customers.

This additional parking space is needed and since the council has made a move to enforce the parking by-laws on Durham and St. Lawrence Streets, this should be most appreciated by the general public.

BIRTH

FORESTELL—Mr. and Mrs. Francis Forestell (nee Elizabeth Courne-yea) are happy to announce the birth of their daughter at Hanover Hospital on Saturday, May 2nd, 1964.

BODY OF MISSING MAN FOUND

The body of Edward (Ted) Broad, of Belleville, was found yesterday afternoon on a hunt camp road near Moss Marsh, west of Bannockburn.

Mr. Broad had been missing since Saturday and Provincial Police from Madoc, aided by volunteer searchers, have been combing the area since. A helicopter from the Trenton Air Station also assisted in the search.

It is believed that Mr. Broad became despondent and took his own life by shooting himself with a shotgun. He was familiar with the area, having hunted in the area for several years.

The body was found by Roy Gordon of the O.P.P. of Madoc, who led the search, assisted by Gordon Pigden, Glen Nickle and Bob Stoklosar, also of Madoc.

HONOURED AT DINNER PARTY

On Thursday evening, April 30th, the staff of Madoc Creamery held a dinner party in honour of Miss Olive Ashe, who is retiring.

Miss Ashe was presented with a Lady Buxton wallet and a good luck token, with the best wishes of the staff.

A delicious dinner was served and a delightful evening enjoyed by all.

FINAL RESULTS LADIES' BOWLING LEAGUE

Top place team for the year: Strutters, Capt. Melba Chapman, Gert Kramp, Faye McCann, Earla Lavender, Peggy McLeod, Shirley Devolin.

Top place team for the play-offs: Angels, Capt. Marion Vanheukelom, Bernie Thompson, Kathy Pigden, Shirley Tennyson, Emma Henderson, Dora Palmer.

Runners-up for the play-offs: Put Put, Capt. Lois Nickle, Betty Smith, Ev. Binch, Joan Calver, Irene Willman, Eleanor Morrison.

High Single of the year, Betty Smith, 317; High Triple of the year, Ev. Binch, 721; High Average of the year, Bernie Thompson, 188.

TRUCK DAMAGED BY FIRE

Local firemen received two calls this week, the first to a chimney fire at Doug. Pigden's. The second was to the southern part of the Village when a truck owned by Sam Danford had taken fire. Damage to the truck was to the wiring, hoses windshield and beneath the dash.

PICKEREL SEASON OPENS MAY 9th

The walleye (pickerel) season opens on May 9th in inland waters. In the Bay of Quinte and up to the first dam in rivers flowing in the Bay and Lake Ontario, the season opened on May 1st.

The muskrat trapping season closed April 20th south of No. 7 highway and on April 30th north of No. 7 highway.

The beaver trapping season is over. Persons taking nuisance beaver will have to obtain a holding permit and keep them in cold storage until next fall for tagging and selling.

The deer season for 1964 commences on November 2nd. Two weeks north of No. 7 highway and one week south of No. 7 highway.

The next fur sale at North Bay is on May 27. Trappers may ship their pelts up to and including May 20.

ENGAGEMENT

Mr. and Mrs. Joseph M. Ash wish to announce the engagement of their daughter, Betty Christine, to Mr. Walter Winston Danford, son of Mr. and Mrs. Samuel Danford. The wedding will take place June 6th at two o'clock in Trinity United Church, Madoc.

ENGAGEMENT

Mr. and Mrs. Earl Wartman, Madoc, wish to announce the engagement of their daughter, Gail Marie to William Perry Salmon, son of Mr. and Mrs. William Salmon, Kalamazoo. The wedding will take place in Trinity United Church, Madoc at 11 o'clock on Saturday, May 30, 1964.

DEATH

HOLLAND—Edward—On Wednesday, May 6, 1964, at the Belleville General Hospital, Edward Holland, Eldorado, Ont., in his 70th year, beloved brother of Mrs. T. (Catherine) Palin, Kinsley, Sask., Miss Genevieve Holland and Joseph Holland, of Eldorado.

Resting at his late residence in Eldorado. Funeral on Saturday, May 9th to Sacred Heart of Mary Church for Requiem High Mass at 10 a.m. Interment Sacred Heart of Mary Cemetery.

COMING EVENTS

The May meeting of the Madoc Women's Institute will be held at the home of Mrs. Robert O'Riordan, Sr., on Friday, May 15th, at 2 p.m.

If we make the best of little opportunities, we find ourselves more able to accept larger ones.

SUGAR and SPICE

By Bill Smiley

It Happened One Sunday

Does going to church improve your golf score? Do you put the good side out or in when you build a fence on your property? How many people attend evening service at church? Why do women live longer than men? I don't know how you spend Sunday, these fine spring days, but I got the answer to these questions, and a few others, last Sunday.

Went to church Sunday morning, and was early, for once. It was twenty to eleven when I arrived, and it's usually eighteen minutes later than that.

The reason was that I was on hand to teach Bible Class, which begins at quarter to ten. You guessed it. The Smileys for about the tenth year in a row, had forgotten to join the swing to Daylight Saving Time.

Took advantage of the extra time to line up golf game with fellow pillar of congregation. Answer to question 1: No. I can't understand it, but going to church doesn't improve your golf. This other good Anglican and I took on a couple of Presbyterians who admitted they had missed morning service. They licked us. Badly.

Home at 4 p.m. Sat in chair in sun

in yard, licking golf wounds.

Wife appears. Glares around yard. Looks meanly at me, then at half-raked leaves, half-baked dog who messes everywhere, cat who climbs screen on kitchen door and ruins it, huge branch off oak tree lying across flower beds, fence leaning towards us at 45 degrees.

She tells me we've got to have a new fence. It'll cost hundreds of dollars. I produce a diversion. Ask her whether we'll put good side of fence in or out. I suggest out. She says no. I say everybody does. She says I'm crazy. I say, calmly, she's ridiculous.

Leap in car to inspect fences all over town. Some face in, others out. Nobody will give in. She gets sore.

I give in. But I'm telling you right here, answer to Question 2: Depends on whether you want to look at the nice side of your fence, or want your neighbours to see it.

Urgent call during dinner. Sidesman needed for evening service. Can't think quickly. Agree reluctantly. Get to church. Not a pillar in sight. Not a sinner. Not a choir member. Three altar boys, rector on the job. Congregation is me. Got the works, including sermon. Answer to Question 3.

But rector told a good story later. One elderly cattle farmer turned up, once, for evening service. Preacher said, kindly, "Since you're the only one here, perhaps we'll dispense with the sermon."

Farmer said, "Well, if I loaded the whole wagon with feed, and only one old cow turned up, I think I'd feed her." Preacher agreed it was good logic. Went through entire service, including one-hour sermon.

When it ended, he asked farmer what he thought. Latter replied, "Well, if I loaded the whole wagon with feed, and only one old cow turned up to be fed, I don't think I'd dump the whole wagon in front of her."

And the answer to the last ques-

HUNTER SAFETY TRAINING CLINICS

During the past week the Tweed District held Hunter Safety Training clinics at Napanee, Madoc and Renfrew. Mr. Stan. Simons from Head Office in Toronto, was on hand at

each of these meetings, designed whereby discussion could be held between Department personnel and local instructors and licence issuers. All were well attended.

One important aspect was brought to mind in the fact that there has been a decrease in hunting accidents in the past few years since Hunter Safety Training was made mandatory and at the same time there has been an increase in the number of hunters.

Mr. Simons related how some of the major accidents take place and emphasized the importance of thorough training in the handling of firearms. Instructors were interested in obtaining the report on the breakdown of various accidents now being completed, by Head Office which should prove to be very useful during training courses.

ONTARIO
PROVINCE OF OPPORTUNITY

Minimum Wage Extended Throughout Ontario

Last year, Minimum Wage legislation was introduced in the Toronto-Hamilton-Oshawa industrial area. It proved highly successful, and as a result, I am pleased to announce an early extension of it throughout the entire Province beginning on June 29. I ask you now to read the following highlights

carefully to establish exactly how this vital and progressive piece of legislation will benefit you.

H. L. Rowntree

HON. H. L. ROWNTREE, Q.C.
Minister of Labour

Reduced to its simplest terms, the new Minimum Wage Orders, implemented and enforced by your Ontario Department of Labour, are designed to protect every working man and woman in the Province from exploitation, and set a minimum wage of \$1.00 an hour (\$1.25 in the construction industry).

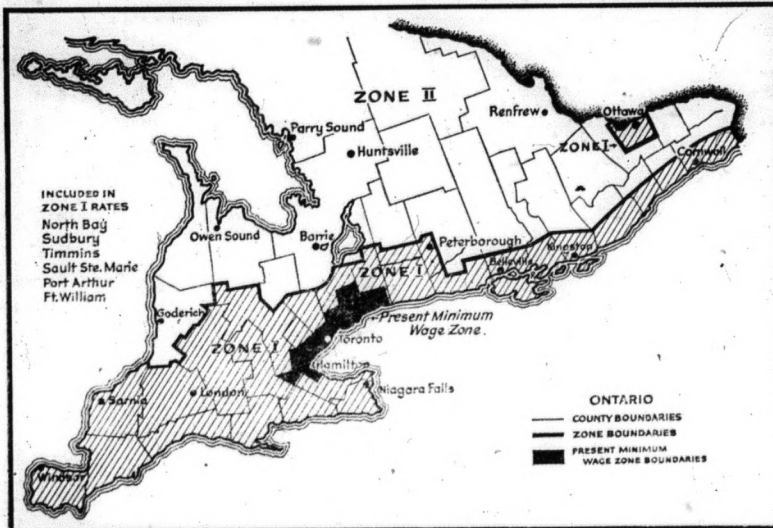

The Orders, now in effect in the Toronto-Hamilton-Oshawa "horseshoe", will be extended throughout the

entire Province on June 29. However, so that employers will have sufficient time to adjust to and absorb the higher rates, the Orders must be carried out in stages. Briefly, here's how your Ontario Department of Labour plans to go about it. The Province will be divided into two Zones. Zone 1 takes in the more heavily populated and industrialized areas and centres. In this Zone, the \$1.00 Minimum Wage will be achieved not

later than March of next year. In Zone 2, covering the remainder of the Province, the wage will be achieved by December of next year.

In the Construction Industry, the Minimum Wage of \$1.25 an hour will be reached in the same manner in both Zones.

The map and salary boxes on this page show the two zones, and the salary increases scheduled in both.

ZONE 1

General and Hotel and Restaurant Order

	Men	Women
June 29, 1964	\$1.00	\$.85
Sept. 28, 1964		.90
Dec. 28, 1964		.95
March 29, 1965		1.00

Construction Work Order

June 29, 1964	\$1.25
---------------	--------

ZONE 2

General and Hotel and Restaurant Order

	Men	Women
June 29, 1964	\$.85	\$.80
Dec. 28, 1964	.90	.90
December 27, 1965	1.00	1.00

Construction Work Order

June 29, 1964	\$1.15
December 27, 1965	1.25

SPECIAL GROUPS

The General Minimum Wage Order does not apply to: Registered apprentices; camp counsellors or students employed in certain recreational programs; apartment house janitors who live in; real estate and insurance salesmen and saleswomen who determine their own hours; professional persons and teachers; domestic servants; farm labourers.

Special rates (80¢ in Zone 1 and 75¢ in Zone 2) apply in the following cases: A student who does not work more than 28 hours a week; a seasonal worker processing perishable fruits and vegetables

who does not work more than 16 weeks in a year.* Special rates (60¢ in Zone 1 and 50¢ in Zone 2) apply in the following cases: Delivery boys, messengers, news-vendors, pinsetters, caddies who are under 18 years of age.*

*In both special rates categories, the Zone 1 rates will apply in Zone 2 on December 27, 1965.

EMPLOYERS NOTE

Where employees are being paid on a piece-work basis, if at least four-fifths of them are earning at

least the minimum wage, you will be considered as complying with the Orders.

Learner Rates are as follows: Where employees are on a piece-work basis, learners may be paid 20¢ less than the prescribed minimum rate for the first three months of employment, and 10¢ less for the second three months. In all other cases, learners may be paid 10¢ less than the prescribed minimum for first four months of employment. The Hotel and Restaurant Order establishes a special learner rate 10¢ lower than the prescribed minimum rate for the first month of employment.

Your Ontario Department of Labour stresses the fact that these are just the highlights of the new Minimum Wage Orders. To find out exactly what the Orders mean to you, please write: THE LABOUR STANDARDS BRANCH, THE ONTARIO DEPARTMENT OF LABOUR, 74 VICTORIA STREET, TORONTO 1, ONTARIO, or telephone 365-5251.

Auditor's Report

FOR THE COMBINED TOWNSHIPS OF

Tudor and Cashel

FOR THE YEAR ENDED DECEMBER 31, 1963

The Reeve, Council and Ratepayers,
Combined Townships of Tudor and Cashel.

I have audited the books and affairs of the municipality and have prepared the financial statements for the municipality.

I find the same qualifications for elected officials as last year's report.

I believe in account of taxes receivable, there are some old dog and hunting camp arrears that should be written off.

Subject to the above comments, I hereby report that in my opinion:

(1) The financial transactions which have come under my notice have been within the powers of the municipality.

(2) The audit has been conducted in accordance with instructions of the Department of Municipal Affairs.

(3) The financial statements present fairly the financial position of the municipality as at December 31, 1963, and the results of the operations for the year ended on that date.

March 28, 1964.

QUEENSBORO 4-H HOMEMAKING CLUB

The fifth meeting of the Queensboro Girls' Homemaking Club was held on April 13th at the home of Mrs. Ken Cassidy. The meeting opened with the 4-H Pledge. Minutes of the last meeting were read by Ruth Anne Tanner. Roll call was a suggestion for improving our record book.

Discussion followed on how to under-stitch darts and facings. Preparation of a skirt for Achievement Day was also discussed. Practical work was to put a sample of an under-stitched facing in our record books and continue work on our garments. Our home assignment was to record

the meeting in our books. The meeting was closed with lunch served by the hostess.

The sixth meeting of the Queensboro Girls' Club was held on April 21st at the home of Linda Barry. After repeating the 4-H Pledge, minutes of the last meeting were read by Betty Sexsmith. Roll call was to describe the finish we were going to put on our pyjamas or nightgown.

Discussion was applying lace and eyelet embroidery. Practical work was to continue the work on our garments and work book. Home assignment was to record the meeting and work on our garments. The meeting was closed with lunch.

MADOC CO-OP. ASSOCIATION
MADOC

as goes
Madoc,
so goes
the world!

In Madoc, Ontario, Seagram's V.O. is extremely popular. Not just because V.O. is produced in Canada, but because the mellow flavour of V.O. combines brilliance of taste with lightness of tone. This Madocian preference reflects a world opinion. In 130 countries around the globe, people of discerning taste buy Seagram's V.O. Not merely because V.O. is imported from Canada but because they, too, like their whisky to be light, yet brilliant. This balance of good taste — which never varies — is the reason why

**Seagram's V.O. is
the largest-selling
Canadian Whisky
in the world.**

UNITED NATIONS PILGRIMAGE DELEGATE SELECTED

Mr. John Svoboda, son of Mr. and Mrs. Svoboda, of Stirling, has been selected as the winner of a contest among teen-age

high school sophomores and juniors to take part in the 15th annual United Nations Pilgrimage for Youth this summer.

John will visit New York from July 22nd to August 5th, 1964, as one of more than 1,000 student observers of the United

Nations from throughout the United States and Canada. The project is sponsored by the Oddfellows and Rebekahs.

Delegates will study and observe the UN in action, see committees and commissions at work in the five official UN languages, and learn of the vast work done throughout the world by such UN departments and agencies as UNO, FAO, UNESCO and Technical Assistance. They will visit the American Association of the UN and the headquarters of the UN and the Mission to the UN, as well as those of various other member nations.

International House, where graduate students from more than 80 countries live under one roof, will be visited, and a special feature will be a day at the New York World's Fair—the theme of which is "Peace Through Understanding," and whose symbol is the Unisphere. Sponsors who will pay for the week in New York (and the Educational Bus Tour) are Odd-fellow and Rebekah lodges of Madoc District No. 45, including lodges from Madoc, Marmora, Tweed, Stirling and Campbellford.

Mr. Svoboda will be among 40 students from Ontario who will travel to New York by bus.

TARGET - LIFE

Accident statistics tend to remain monotonously alike each year. Sometimes, the figures get a little lower, but more often they increase. Too many of us take the accident forecasts as a part of the annual routine of living—and dying, unless a member of our family becomes number 29 or number 101 on the statistical list.

Many agencies are trying to do something to prove the "gloomheads" wrong, and one of these agencies is St. John Ambulance.

Each year, 1,200 Canadians die by drowning. They die in baths, ponds, building excavations and lakes. They die working, at pleasure and at play, and many of them die needlessly.

Seconds count. If artificial respiration is to have a chance of saving a nearly drowned person. A minute's hesitation reduces the chances of success, and five minutes to run and get help can mean death. Action must be immediate and it must be right. A St. John Ambulance Save-A-Life course can mean the difference between a happy ending or a funeral.

St. John Ambulance Save-A-Life courses are free, and take only two hours of your time. Courses will be conducted across Ontario from May 11th throughout the summer. To obtain further information, you should call your nearest St. John Ambulance or write to St. John Ambulance Provincial Headquarters, 46 Wellesley St., East in Toronto.

Don't delay, the target is life.

FOREST FIRES

Eight forest fires destroyed nearly 20 acres of woods in the Tweed Forest District during April of this year. All fires in the district so far have been caused by carelessness.

First of the fires last month was in Sheffield Township, on April 13. A fisherman's cigarette caused that fire, which burned off one-acre of land. Careless smoking, burning rubbish, sap boiling and children playing with matches are blamed for the other fires, in Kennebec, Ashby, Tudor, Madoc, Sheffield, Elzevir and McClure townships. All fires are now out.

Thirty-four fires were discovered and extinguished during April of last year, according to Department of Lands

and Forests records. The reduced toll this year is credited to wet weather during January. Rainfall recorded at Tweed during January of this year totalled nearly three and a half inches, more than an inch more than normal for the month and nearly two inches more than during January of last year.

WANT ONTARIO TO PUT SLOGAN ON CAR PLATES

Should Ontario put an advertising slogan on its car licence plates as some other provinces do?

The Ontario Chamber of

Commerce decided Monday it should, but not before the suggestion was attacked as a cheap undignified form of advertising.

W. E. Wall, of Burlington, told the chamber's annual meeting that it is all right to swim along with the tide of commercialism, but there is no need to go down the sewer just because other people do.

His opposition lost out, however, as the delegates at the meeting approved a recommendation calling for Ontario to produce a colorful and attractive licence plate—incorporating a slogan that would be recognized as a provincial symbol.

'64 Comet - for people who have more fun than money

Model illustrated 2-door Caliente Hardtop, one of the Ford Family of Fine Cars made in Canada.

Fun is a carefree week-end by the water. (You arrive in style in your beautiful Comet—relaxed, refreshed, ready to join in the fun.)

Fun is a wind at your back, open water ahead and a bright, cloud-flecked sky above. (There's mighty smooth sailing in a Comet, too. Steady, obediently responsive to the "helm".)

Fun is admiring the sleek lines of a taut, trim craft. (The crisp, clean styling of the rakish Comet presents an ever-present invitation to adventure. Just cast off and cruise.)

Fun is sitting in quiet contemplation, with the surf swishing in and out on the sands. (And Comet doesn't interrupt your reverie when you leave. You're carried away smoothly, silently in gentle Comet comfort.)

Fun is a visit to your Mercury dealer (to discover how economical all this fun can be.)

'64 COMET

CARD OF THANKS

May we extend our thanks to so many friends for their kindness to our dear one in hospital and to us since his passing. Your cards and flowers were a great comfort to us all. Also to Dr. Beatty for his help and thoughtfulness.

Glady's Sheffield
Mr. and Mrs. W. C. Sheffield

CARD OF THANKS

I would like to express my sincere thanks to my friends who remembered me with cards, gifts, and those who called on me while I was a patient in Belleville Hospital and since my return home.

Mrs. Harry Bird

IN MEMORIAM

BIRD—In loving memory of my dear husband, Arthur Bird, who passed away May 9th, 1963.
Those whom we love go out of sight,
But never out of mind;
They are cherished in the hearts
Of those they leave behind;
Loving and kind in all his ways,
Upright and just in all his days,
Sincere and true in heart and mind,
Beautiful memories he left behind.
Sadly missed by wife, Lena and family.

IN MEMORIAM

McCoy—In loving memory of a dear mother, Clara Susan McCoy, who passed away May 5th, 1963.
What we would give if we could say,
Hello Mum, in the same old way.
To hear your voice and see your smile,
To sit with you and chat a while.
So you who have a mother,
Cherish her with care,
For you will never know the heart-ache
Till you see the empty chair.
Sadly missed and always remembered by daughter, Mary, and son-in-law, David.

LOCAL and PERSONAL

Mrs. Frank Dafee has returned to Madoc after spending the winter in Florida.

Madoc I.O.O.F. Third Degree team travelled to Port Hope Tuesday night, April 21st, by Franklin bus and conferred the third degree on several candidates.

F.I.O. and Mrs. Bevis Tufts and family left on Tuesday for Winnipeg where they are stationed with the R.C.A.F. F.I.O. Tufts recently completed the staff course at R.C.A.F. Station, Winnipeg.

ELECTRICAL MUSEUM

Under the direction of Hydro Commissioner Lt. Col. A. A. Kennedy, old electric appliances and wiring devices are being gathered for a display to show the history of power and electricity in Canada. Any electrical relics of the past generation, right back to Edison's day, are being sought. It is intended that this exhibit will be free and open to the public.

Col. Kennedy is requesting donations from the Madoc area, and any contributions may be left at Crest Hardware, Madoc. These will be forwarded to Toronto where they are re-conditioned and made ready for display. The donor's name and a brief history of the item should be included.

CARD OF THANKS

We would like to take this opportunity to thank all our friends and neighbours for the lovely telephone bench and electric frypan given to us in honour of our recent marriage. A special thanks to those who gave of their time collecting.

Ernest and June Keller.

IN MEMORIAM

McCann—In loving memory of a dear father, Mr. Percy McCann, who passed away May 6, 1945.
Resting where no shadows fall,
In perfect peace he awaits us all.
Our God above will link the chain
As one by one we meet again.
Sadly missed by Harold, Ruby, Ethel and John.

MADOC ART CENTRE DIRECTORS ENTERTAIN IN FLORIDA

Roy and Priscilla Cadwell, directors of the Madoc Art Centre, prior to returning to Canada on May 1st, held a strawberry festival and exhibition of paintings at their winter home in Florida, 1109 North Betty Lane, Clearwater. Among those who attended were several Canadians vacationing in Florida.

Priscilla Cadwell, assistant director exhibited her water colours of Canada, Florida and Mexico.

The purpose of the exhibition and strawberry festival was to provide for the establishment of an American student's scholarship fund at the Centre. Sufficient money was raised to set up the fund for this year.

QUEENSBORO CWL

The annual meeting of the Queensboro Catholic Women's League was held at the home of Mrs. Frank Barry, Sr., on April 22nd, 1964. Rev. F. J. O'Neill was present for this meeting.

The following officers were elected: President, Mrs. Josephine Feeney; Secretary, Mrs. Gerald Barry; Treasurer, Mrs. Frank Barry, Sr.; Sick Convenors, Mrs. Fred Bosley and Mrs. Jos. Kehoe.

It was decided that a bake sale would be held during May, but a definite date has not yet been decided upon.

The meeting closed with prayer, and a dainty lunch, served by the hostess was enjoyed by all.

Next time you're talking "from the shoulder"—try a bit higher up.

HAM STEAKS WITH APPLES

Here's a novel way of serving ham steaks. Two ham steaks (1/2-inch thick) weighing about two pounds, are baked with apple slices between and on top. They are baked in a covered baking dish in a vinegar-apple mixture for 30 minutes in a 325 degree F. oven; then uncovered and cooked 30 minutes longer. Tart jelly in the centre of each apple ring adds a decorative touch before serving. Makes six servings.

HAM STEAKS WITH APPLES

2 ham steaks, cut 1/2-inch thick (about 2 lbs.)
12 cloves
3/4 cup brown sugar
2 tbsps. flour
2 tpsns. dry mustard
3 tbsps. vinegar
1/2 cup apple juice
3 med. apples (about 1 lb.)
Tart red jelly

Press cloves into fat side of each steak and snip the fat between the cloves. Mix dry ingredients. Blend in vinegar and apple juice. Peel and core apples. Cut six apple rings 1/4 inch thick to garnish top. Slice remaining apples thinly.

Place one steak in a greased baking dish, cover with the thinly sliced apples and pour about 1/4 cup of the apple juice mixture over them. Place second steak over apples and garnish top with remaining thick slices of apple. Cover and bake in a moderately slow oven (325 degrees F.) for 30 minutes. Remove cover and pour remaining apple juice mixture over steaks. Continue baking uncovered, about 30 minutes longer, basting occasionally. Place a teaspoon of tart red jelly in the centre of each apple ring before serving. Makes six servings.

Note: When using red apples, the slices used for garnishing the top of the steaks may be left unpeeled, if desired.

OPEN-FACED APPLE HAM SANDWICH

6 slices bread (picnic shldr. or cot. roll)
2 tbsps. mayonnaise
1 tbspn. mustard
6 slices cooked ham
3 red apples (about 1 lb.)
6 slices cheese

Spread each slice of bread with one teaspoon mayonnaise and 1/2 teaspoon mustard. Wash and core apples and slice thinly. Place ham slice on bread and cover with three apple slices. Broil until apple slices are partially cooked, about three minutes. Top each sandwich with a cheese slice. Broil until cheese melts, about a minute. Serve hot. Makes six servings.

BAKED EGGS IN CHEESE NESTS

"A tasty protein-rich supper or luncheon dish".

4 ozs. (1 cup) elbow macaroni
1 cup shredded med. Cheddar cheese
3/4 cup evaporated milk
1/2 tspn. dry mustard
1/2 tspn. salt
1/4 tspn. Worcestershire sauce
6 eggs
1/2 cup evaporated milk
1/2 cup buttered breadcrumbs
1/4 cup shredded medium Cheddar cheese

Cook macaroni according to package directions. Drain and mix with the one cup of cheese. Combine the 3/4 cup milk with the seasonings. Pour over macaroni-cheese mixture and turn into a greased shallow six-cup baking dish. Press six hollows in the macaroni and break an egg into each. Pour the 1/2 cup milk over eggs, and sprinkle with buttered breadcrumbs and remaining cheese. Bake in a moderately slow oven (325 degrees F.) until eggs are set, 25 to 30 minutes. Makes six servings.

LEMON BAVARIAN

"A delicately flavored, creamy-rich dessert for a special occasion"

1 tbspn. gelatin
3/4 cup cold water
3 egg yolks
3/4 cup sugar
1 tbspn. grated lemon rind
1/4 to 1/2 cup lemon juice
3 egg whites
1/4 tspn. salt
1/4 cup sugar
1/2 pint whipping cream

Soak gelatin in cold water, five minutes, then dissolve over water. Combine egg yolks, the 3/4 cup sugar, lemon rind and juice in a large bowl. Place over simmering water and beat with a rotary beater until mixture is thick and creamy, about ten minutes. Remove from heat and beat in melted gelatin. Cool until mixture is just beginning to thicken and become creamy.

Make a meringue of the egg whites, salt and remaining 1/4 cup sugar. Fold into the gelatin mixture, then fold in the stiffly beaten cream. Pour mixture into a five to six cup serving dish and chill until set. Just before serving decorate with chopped toasted almonds, pieces of maraschino cherry and whipped cream. Makes six to eight servings.

HONEY BUTTER SAUCE

"Delicious with pancakes or waffles"

3/4 cup liquid honey
2 tbsps. butter
3/4 to 1 tspn. lemon juice
1/4 tspn. vanilla

Mix honey and butter in a small saucepan. Heat slowly until well blended. Cool slightly and add flavorings. Serve warm with pancakes or waffles. Makes 3/4 cup sauce.

CHEESE PRODUCTION in Canada increased in 1963 largely because of the financial inducement to divert more milk into this branch of dairy industry, and because of a promising export market. At left slabs of curd are being turned halfway through the process of cheddaring in an Ontario plant. At right the hoops are being filled with milled curd salted and ready for pressing.

DRIVING SAFELY IN DARKNESS AND FOG

An exceedingly high percentage of all traffic accidents occur during the twilight periods of dusk and dawn. These crucial driving hours are the times when many accidents occur because too many drivers fail to realize the dangers that the twilight hours bring.

When the sun begins to set, a good rule to follow is to reduce car speed 20 percent. If driving in a 50-mile per hour zone, cut speed to 40. Diminishing daylight may cast deceptive shadows which will restrict visibility and increase reaction time. The falling light and long shadows also will be slowing other drivers. This will cause to build up. Tempters may flare up, too. A slower speed will help reaction to other drivers' foolish mistakes.

No one can say precisely at what moment headlights become useful, so the best rule is to turn them on while it still seems to be unnecessary. Doing this will let lights automatically decide just when they become useful. Parking lights never should be used for twilight driving.

Overdriving the vehicle's lights is an unsafe policy anytime, therefore, always be ready to stop when a sudden obstruction appears by gauging speed by visibility.

Early morning driving provides a variety of other hazards:

1. Delivery vehicles will be starting out on their routes. Many of these light trucks will be starting and stopping frequently. The driver of the delivery truck may be yawning when he should be looking so extra alert.
2. Pedestrians are less likely to be attentive to traffic signals and they may cross the street in the middle of the block to save a few steps. Expect the unexpected to avoid an accident during the early hours of the day.
3. The dawn also has its share of inebriates, on foot and behind the wheel. The combination of liquor and lack of speed can prove fatal unless the best defensive driving is practiced.
4. House pets, particularly dogs and cats, are often walked

or let out in the early hours of morning. Quite often, they dash out into the street between parked cars, causing a special hazard. Slower car speed is an absolute necessity to give sufficient time to maneuver away from trouble.

5. Detours, road construction, non-operating signal lights or caution lights can lead into unfamiliar streets and highly dangerous situations. Full attention to driving is an absolute must to avoid trouble.

"Show Biz"

Actress Elizabeth Taylor was reported as being hurt by a mob in Boston. She was nursing a sore arm, neck and back and an emotional upset from what spokesman said was "a harrowing experience with an uncontrolled mob which lacked police restraint". Mr. and Mrs. Burton flew from Toronto to Boston by chartered plane along with a stage company of Hamlet in which Mr. Burton is appearing. Richard's shirt was torn and his tie twisted. The hotel summoned Dr. Charles Graybek and he put Mrs. Burton under a sedative.

Columbia Pictures has had to suspend production of the movie "Love has many faces" because actress Lana Turner took ill again. She first took ill in Acapulco and then had a relapse in Mexico City. She has paratyphoid, an infectious disease resembling typhoid fever.

SIR JOHN CARLING BUILDING

New agriculture headquarters named after founder of Experimental Farm System

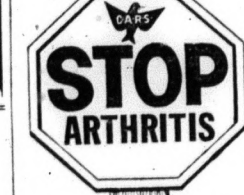

The new agriculture headquarters building being built in Ottawa is to be named after Sir John Carling, son of the founder of Carling Breweries Limited.

The building, costing eleven million dollars, will be located on the experimental farm in Ottawa. It was Sir John Carling, when Minister of Agriculture from 1885 to 1892, who was responsible for the founding of the Dominion Experimental Farm System.

Sir John was born in London, Ontario, in 1828, and on the death of his father, Thomas in 1845, he and his elder brother William took over the operation of the brewery. Following a disastrous fire in 1879 which completely destroyed the main buildings, it was rebuilt in a matter of ten weeks, mainly through his dynamic leadership. Sir John's efforts drew strong editorial praise from the newspapers of the day.

At that period in Canadian history, it was permissible to sit in both the Federal parliament and Provincial legislature, and he was a member of both bodies. He played a significant part with bringing together Sir John A. Macdonald and Mr. George Brown when the problems of confederation were being worked out.

Recognizing that agriculture was becoming extremely important to

ARTHRITIS FACTS

—More than a million Canadians are affected by arthritis.

CLEANING OF EGGS

Time is a precious element in todays fast moving world. It has been estimated that if you can save a minute a day and put it to good use doing something productive then you can afford to invest \$30 on some labor saving feature to save that minute. Save 10 minutes then \$300 is the expenditure possible. Egg cleaning can be the DON CONRAD most time consuming business in the whole poultry procedure and certainly the most tedious housewives have always demanded high quality products that are fresh, clean and wholesome. Today's housewife if anything, is more insistent on this than her predecessors.

First of all, try to produce clean eggs. Dry litter achieved by good ventilation and management is essential. Plenty of nests that are correct in size and frequently provided with clean nesting material are big steps towards the goal. Nests that are too large—e.g.—12 inches for leghorns; invariably get two or more hens piled in and soiled eggs result from excessive egg breakage. Good sound egg shells as a result of good nutrition and extra calcium available, also assist. Roll-away nests or cages must be kept dusted and clean or excessive wire marked eggs will result. It is also best to gather the clean eggs into a different basket unless this is too time consuming.

Hand cleaning of eggs with emery paper, steel wool or a damp cloth can be done in small flocks. Mechanical egg cleaners are available for those who have sufficient birds to purchase them. Dry cleaning machines using emery paper are available but brush or immersion type washers are more prevalent. These machines, by and large, do the job they were designed to do if they are properly used. Always follow common sense and the manufacturers recommendations.

The egg washers need an accurate and dependable water heating device. The brush type may use water as high as 165 degrees but the immersion types use water between 100 and 120 degrees F. Never should the eggs be allowed to remain in these immersion washers for over five minutes and four minutes is much better. Detergents and detergent sanitizers, made especially for egg cleaning, are the only ones to use but even they can't do a job unless the water is changed frequently, preferably after each six baskets of dirty eggs.

One frequent cause of trouble is having too high a water level for the number of eggs or too many eggs in the basket. Too high a water level causes the eggs to float excessively and egg cracking results. Too many eggs mean poor washing.

Above all, keep the washer thoroughly clean, supply clean water of correct temperature and market the eggs often.

The proportion of foreign ownership of all Canadian industry stood at 34 per cent in 1961, unchanged since 1956.

How To Hold FALSE TEETH
More Firmly In Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little **PASTERTECH** on your plates. This alkaline (anti-acid) powder holds false teeth more firmly and more comfortably. No gummy, soapy, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get **PASTERTECH** today at drug counters everywhere.

MEN'S and BOYS' WEAR

OUR HIGH SCHOOL

Every week at school has been a busy one, but we seem to be getting busier and busier, what with Athletic Meets, Cadet Drills and hard work in classes completing the various courses. Only two more weeks of classes for Grade 13, and three more for the rest of us before the final exams. "Tempus fugit," to be sure.

The results of the C.H.S.S. Track and Field Meet last Saturday in Stirling were most gratifying. Don Stewart was the juvenile champion, winning all three events he entered, and Larry Jones was the senior champ and won his three events. These two boys won cups. Here is a summary of the results.

Junior Division: Glenn Acorn, two first, one third; David Parauk, one first, one third; Paul Bolyea, two seconds, one third; Jim Vanderwater, two seconds.

Intermediate Division: David Adams, two firsts, one second; Larry Barnard, one first, one second; Lloyd Keller, two seconds; Lee Eaton, one third, one fourth.

Senior Division: Jerry Dafee, two seconds, one fourth; Clifford Brooks, two seconds, one fourth.

Mr. Lindsay is quite sure that our boys could have brought home the cup, had he had enough entries to make a team. Congratulations, boys.

In the Junior Girls', Bonnie Cassidy and Barb Brooks tied for first place, and each received a cup. Bonnie stood first in the discus throw and shot put and second in the 60 yard. Barb came first in the 220 yard and the 440 yard, and second in the 100 yard. That gal can run!

Dianne McInroy, two thirds; Donna Turcotte, one first, two thirds; Janette Booth, one second, one third; Karen Francis, one third.

In the Senior Girls', Jackie McKillican tied for first with a girl from Stirling. Jackie held three firsts and won a cup. Janice Ash was runner-up, with one first triple and one second. Shirley Cooney, one first; Dianne Belanger, two thirds; Darlene Hamilton, one second, one third; Elsie Boersma, three fourths.

The Senior Girls' Relay team, with Janice Ash, Shirley Cooney, Jackie McKillican and Dianne Belanger, won first place. Be sure to have a look at the trophies and ribbons in our main show case.

In the Junior Mathematics contest for the province, which was held last week, Larry Barnard stood first in our school (that lad is a mathematician as well as an athlete and a rugby player). Julia Hicks and Lloyd Keller stood second. These three students as a reward, were taken to the Royal Military College in Kingston on Tuesday, where, with about eighty other winning students, they spent the day as guests of the R.M.C.

It seems that our Occupations girls are always getting in the news. This week they designed a most attractive window display, just inside the entrance near the cafeteria. This is to advertise the final dance this Friday night. If you have not yet seen it, better go round to have a look!

On Monday night the teachers from Stirling, Cloyne, Marmora, Tweed and Madoc met here at school for their Annual spring Federation meeting. The president, Mr. Bakker, of Stirling introduced the guest speaker, Mr. Jim McNabb, of Peterborough Collegiate, second vice-president of the provincial OSSTF. Mr. McNabb gave an inspiring and provocative talk to the forty-some teachers, then later met with them informally. During the business part of the meeting, Mr. John Herman, of Cloyne, was elected as Branch President, and Mr. Robert Thompson, of Tweed, as Vice-President for next year. After Miss West had thanked the speaker, she invited all to the cafeteria for refreshments, provided by Mrs. Downey and her classes.

We welcome to our midst a little newcomer in the person of Jeffrey Thomas Graham. He will be assisting his father in school before long, no doubt.

The following new teachers have been appointed for 1964-5:

Mr. N. W. Kinach, B.S.A., Vice-Principal, Mr. D. W. Graham, Technical Director; Mrs. Anne Boyd B.A. English and History, Mrs. Dorothy Empey, Occupational Training (Academic subjects); Mr. A. T. Ashley B.A. Mathematics; Mr. A. C. G. De Lange R.I.A., Commercial; Mr. R. Rutherford, Commercial; Mr. O. Clark B.S.A., Science, with Mr. R.

LOCAL and PERSONAL

Mother's Day visitors at the home of Mr. and Mrs. Ogle Devolin were Mr. and Mrs. Fred Devolin, of Oshawa, and Mr. and Mrs. Harold Barlow and family, of Bancroft.

Mr. Sam Danford is a patient in Belleville General Hospital.

Mr. Thos. Ash has returned to his home in Madoc Township after having been a patient in Belleville General Hospital for several weeks.

Mrs. Josephine Feeney, Queensboro, and Mrs. Joe Feeney, Tweed, attended the graduation exercises of St. Michael's Hospital, Toronto, on Monday. Their niece, Miss Margaret Feeney, of Madoc, was a member of the graduating class.

Mr. and Mrs. Kenneth Bateman, of Eldorado, attended the funeral of the latter's uncle, Mr. Elmer Hyland, at Tamworth on Saturday.

OBITUARY

EDWARD HOLLAND

In failing health for the past nine weeks, Mr. Edward Holland, of Eldorado, died Wednesday in Belleville General Hospital. He was in his 70th year.

Son of the late Mr. and Mrs. Thos. Holland, he was born at Marmora and had lived in the Eldorado area for the past 55 years, where he was a farmer.

A member of the Sacred Heart of Mary Catholic Church at Madoc, he was well known and highly respected in the area.

Never married, Mr. Holland is survived by two sisters, Mrs. T. (Catherine) Palin, of Kinsley, Sask., and Miss Genevieve Holland, of Eldorado, and a brother, Joseph, of Eldorado. One sister and one brother predeceased him.

The funeral was held on Saturday morning, May 9th, from his late residence in Eldorado to Sacred Heart of Mary Church, where Requiem High Mass was celebrated by Rev. J. O'Neill.

Bearers were: Clayton Blackburn, George White, Farley Parnell, Wm. Flynn, Douglas Pigden and Ernest Holland.

Interment took place in Sacred Heart of Mary Cemetery.

BIRTH

ARMSTRONG—In Belleville General Hospital, on Monday, May 11, 1964, to Mr. and Mrs. Wm. Armstrong, a son.

DEATH

REIJNDERS—Hermanus H. (Joe) Suddenly on Tuesday morning, May 12, 1964, at his residence, Madoc, Ontario, Hermanus H. Reijnders, in his 71st year; dearly beloved husband of Hendrika Van de Brink, beloved father of Mrs. W. (Matilda) Schepers, of Guelph, and Mrs. A. (Christina) Bolyea, of Madoc.

Resting at his late residence in Madoc. Funeral on Thursday morning May 14th, under the direction of the MacKenzie Funeral Home, Madoc to Sacred Heart of Mary Church for Requiem High Mass at 10 a.m.

Interment Sacred Heart of Mary Cemetery.

Planning returning as Boys' Occupational Training Teacher.

Flash—Reserve Friday afternoon, May 27, for our big Cadet Parade. More about this later.

COMING EVENTS

Diary
of a
Vagabond
by
Dorothy
Barker

Spring, Spring, Beautiful Spring!

Spring, paradoxically, always reminds me of Christmas! Know why? Because it has so many wonderful gifts to offer.

First, there comes the gift of seed catalogues. I always love it when I have tramped up the long hill to our group mail box, struggled with chilly fingers to unfasten the lock and then find tumbling out—roses! Great fat pink, yellow or red blooms on the paper cover of a whole wonderland of summer promise offered by my favorite nursery. I can spend hours planning where the new white lilac should be planted, or trying to screw up enough courage to order papaver racemose, which in plain English spells Blue Himalayan poppy, or an insect eating plant that masquerades under the unbelievable name of DARTLINGTONIA.

I draw a ring around a date on the calendar when I first leave out the little collapsible lawn chair from the mound of awnings and barbecue equipment stacked in the tool house. Then I sit in the lee of a southern exposure where I can sort out the pile of travel literature each mail delivery has been contributing to the orderly confusion on my desk.

It doesn't matter that I contract a

"gold id by head", or a hurting sunburn below my sunglasses. It's worth a little discomfort to just sit there envisioning what my favourite CN resort looks like in the last throes of winter construction.

Trips for All Tastes

For the past five years, Jasper Park Lodge has taken on the aspect of a town under construction. This year, nine major cottages are nearing completion, which will add 65 guest rooms to the 21 cottages and 148 rooms that have been erected since a new building program began in 1959, to cope with the demand for reservations.

Then there's this year's package tour to the New York World's Fair. I'm a World Fair addict and am already anticipating five days with not one, but three grandchildren in tow.

A news release relates what this tour will mean to prairie folk. Leaving Winnipeg on May 4, the tour will include a trip to Montreal aboard the Super Continental, four and a half days cruising on a deluxe ocean liner and a five-day stay in New York. Imagine a leisurely voyage aboard Holland-America's "Ryndam" down the Gulf along the Atlantic and Cape Cod Canal. Even hotel accommodation is included in New York. (Similar tours originate in other Canadian cities.

Another tour dreamed up by the CN passenger department is "Springtime in the Rockies." It's slated for May 30 to June 11 and includes three days in Jasper Park, four in Vancouver, bed, hotel, sightseeing tours, meals and transfers. The Rockies have been referred to as "the most beautiful scenery in the world."

Besides glorying in the first warmth of a spring day, I was thinking how lucky we are to have travel agents, railways and seafaring companies planning our summer pleasure.

BASS SEASON OPENS JUNE 27th.

The bass and maskinonge season this year will open Saturday, June 27, and remain open to November 30, with the exception of the Upper St. Lawrence River where the bass season opens on June 13.

HASTY PEES WILL RECEIVE NEW COLOURS

Two honours will be accorded Belleville's famous Hastings and Prince Edward Regiment on May 17. The regiment will receive new Queen's and Regimental Colours from the Hon. W. Earl Rowe, Lieutenant-Governor of Ontario, and the "Freedom of the City" from His Worship Mayor Jack Ellis, of Belleville.

The ceremonies will take place at the Fair Grounds in Belleville, beginning at 2 p.m., Sunday, May 17. Commanding the Regiment on parade will be Lieutenant-Colonel Joseph B. Black, of Belleville.

Before presentation, the new Colours will be consecrated by Lieutenant-Colonel J. M. (Jock) Anderson, of Oakville, Protestant Chaplain for Central Command.

In attendance for the consecration will be Major George Bickley, of Kingston, Protestant Chaplain for Eastern Ontario Area.

Belleville Protestant Chaplains assisting will be Major A. S. McConnell, a former regimental chaplain, and Captain David W. Sinclair, present regimental chaplain.

The "Freedom of the City" gives the Hastings and Prince Edward Regiment the privilege of marching through the streets of Belleville with bayonets fixed, drums beating and colours flying.

The granting of the freedom of the city is a practice that goes back to medieval times, when troops were forbidden to enter walled cities and towns bearing arms.

Today the freedom of a city is granted very sparingly to prominent individuals and groups as a great honour in recognition of services to the community or nation. It is the highest honour that a municipality can bestow.

The Hastings and Prince Edward Regiment fought with distinction in the First and Second World Wars. A number of officers and men of the units that eventually became the "Hasty Pees" served on active service in the war of 1812; the rebellion of 1837; the Northwest Expedition of 1885 and the South African War.

From the First World War the regiment's deeds are written in the history of such battles as Mont Sorrel, the Somme, Arras, Hill 70, Ypres, Amiens, Hindenburg Line and the Pursuit to Mons.

In the Second World War the regiment sailed overseas on Dec. 23, 1939 and saw action in Sicily, Italy and

Holland.

Battle honours from these campaigns include Regabuto, Nissoria, Assoria, The Hitler Line, the Moro River and Appledoon.

Following the ceremonies at the fair grounds the regiment will exercise its newly gained "Freedom" by marching through downtown Belleville.

Lieutenant-General Howard D. Graham, of Toronto, honorary colonel of the regiment, heads the list of former commanding officers of the regiment who will be present.

Among these are Viscount Lord Tweedsmuir from Britain; Brigadier D. C. Cameron, Commandant of the Canadian Army Staff College, Kingston; Lieutenant-Colonels A. A. Kennedy, Angus B. Duffy, W. A. Davern, E. S. Fairman, M. Davison and others.

Distinguished guests will include Brig. J. S. Ross, of Kingston, Commander of Eastern Ontario Area; Brig. George Aldous of Ottawa, Commander of 12 Militia Group; Brig. M. E. Clarke of Peterborough, Commander of 13 Militia Group; and Brig. Lyall N. Carr, retired, of Port Hope.

BANNOCKBURN

Mr. and Mrs. Wm. Fournier, of Belleville, were guests of Mr. and Mrs. Frank Chambers on Sunday.

Mrs. J. Pounder, of St. Catharines, spent a few days with her sister, Mrs. Harris, and visited her father, Mr. Stapley, at Belleville Hospital.

Mrs. J. Donly spent a day last week with friends at Norwood.

Flowers in the Tabernacle on Sunday were sent in by Miss Bernice Parks, Belleville, in memory of her mother.

Rev. and Mrs. David Purdie, Tweed were guests at the parsonage one evening last week.

Mrs. Rea Donly and family, of Belleville, spent Mother's Day with Mr. and Mrs. J. Donly.

About 7,000 people die every week on the world's streets and highways, says the Ontario Safety League. Twenty-eight of them in Ontario.

MASSEY FERGUSON

Special service bulletin for Mutual Life policyholders

Here's how Mutual Life can help you plan for your child's education

The value of a university education can't be figured in dollars and cents—but the cost can! If your child attends a university in your area today, the expense for books, tuition fees and clothes could come to about \$1,000 per year; away from home with room and board included, the cost would be about \$2,200 each year. Naturally, costs will vary depending on the area, the course taken, and the institution—but in every area costs are continually rising.

Your child could pay some of this expense himself—but probably not all of it. He will need your help. Most parents don't have this amount of cash available either, but you can if you plan for it!

Will you take the time to discuss this important matter with your Mutual Life representative? He can show you a plan for accumulating money through The Mutual Life which will guarantee funds for university education. The Plan will guarantee that the money will be available whether you live or die. This is the way thousands of our policyholders are building a guaranteed fund to enable their children to have a university education without financial worries. Call your Mutual Life of Canada representative and talk it over with him... or mail this coupon.

RECIPE OF THE MONTH

By the Ontario Tender Fruit Institute
"Buy Canada Choice Canned Fruit"

CHERRY CREAM SQUARES

(Makes 9 Servings)

- 2 cups fine graham wafer crumbs
- 1 tablespoon brown sugar
- ¼ cup butter, melted
- 1½ teaspoons gelatine
- 3 tablespoons water
- 1 (8 oz.) pkg. cream cheese
- 1 cup sifted icing sugar
- 1 teaspoon lemon rind
- 2 teaspoons lemon juice
- ½ pint (1¼ cups) whipping cream

1 (20 oz.) can "Canada Choice" Cherry Pie Filling

Combine crumbs, brown sugar and butter. Press half mixture in bottom of buttered 9-inch square cake pan. Sprinkle gelatine over water, let stand 5 mins. to soften and dissolve over hot water. Cool. Cream cheese; gradually beat in icing sugar, lemon rind and juice. Blend gelatine into stiffly-whipped cream; fold into cheese mixture. Spread half cheese mixture over crumbs in cake pan. Carefully spread cherry filling on top. Add remaining cheese mixture and sprinkle with remaining crumb mixture. Chill and serve cut in squares.

This recipe prepared especially for this series by Dairy Foods Service Bureau.

SUGAR and SPICE

By Bill Smiley

Grass is Always Greener

"I wooden live in that Tronna if ya gave me the whole dump on a silver platter." This is an expression oft heard in the vast hinterland of our dominion, the true north, strong and free.

It is echoed with equal emphasis about Montreal, Halifax, Vancouver, Winnipeg, and the other dozen or so cities of any size.

The statement above is usually followed by a diatribe against "city living." Its high rents, its heavy traffic, its unfriendliness; its distance from that demi-paradise, the speaker's home town.

"Ya, I know it's nice in the summer up north there. But wuddya do all winter in that dump." This is equally familiar. It is asked in the tones of simple incredulity of a sophisticated suburbanite who spends all winter doing exactly what you do in that dump up north; working, playing, bringing up your family, trying to pay the bills, and growing older.

On most matters, I take a stand. But in this denunciation of the other fellow's mode of life, I take two stands.

The first is gentle agreement with my small-town friends. I go along with their belligerent argument that the city is no place to live; that I'd hate to battle that traffic; that living is cheaper in a smaller centre; that it's wonderful to live within five minutes of fishing, curling, golfing and friends.

When I'm listening to some old buddy who lives in the city, I nod sagely when he points out that the city is an exciting place to live; that

it's wonderful to be able to take in all the shows and concerts; that it's grand to be able to go out for an exotic meal in a fascinating place; that the small town doesn't provide the same cultural opportunities for your kids.

Privately, I chuckle at both points of view. Both are full of contradictions. The city fellow claims there's no privacy in a small town—everybody knows your business. The small-town fellow explodes, "Privacy! How can you have privacy in the city when you're jammed into a two-by-four lot, in a house beside people you don't like and who have horrible kids?"

The small-town fellow raves about that mythical "rat-race" in the city, and goes out and roars around in service clubs and fraternal organizations and athletic clubs and church groups at a pace no city rat could stand.

The myths multiply. In a city of a million, theatres are half empty, concerts play to small crowds, exotic restaurants go broke. In a small place one-tenth of two per cent. of the population is revelling in that fishing, hunting and so on at the front door. The rest are at home watching the same TV program as the fellow in the city.

On Saturdays, the whole problem is brought into perspective, on a four-lane highway. Down to the city, in one stream, pour the thousands of people going in for a day to shop, see shows, suck up some fast culture.

Up from the city, in the other stream, pour the thousands of people going north for the skiing or swimming or fishing. They don't even wave to each other.

HISTORY OF THE MOORCROFT HOMESTEAD

On April 6th, in the year 1849, Agnes Blakely and John Moorcroft were married at Belininch, in Ireland. In the year 1852 they left County Antrim, Ireland, with their young son, James, to make their home in Canada. At that time they had to travel by sail boat across the ocean. Some days they would make good speed; other days the wind would change and it would take the boat in a different direction. The result was, they were three months or near that on the ocean. There is no recollection as to the exact place in which they landed when they arrived in Canada.

John Moorcroft bought the farms on which he lived until his death from a lady in Toronto. It was called Dominion land, with only a small portion of it cleared. They had nine of a family, five boys and four girls. In the early days John cut the timber and made potash from it. He sold the potash in either Madoc or Belleville.

When his family grew up, they cleared more land. John would sow the grain broadcast by hand. Then the boys would drag it to cover the grain. When it came time to harvest the grain they usually held bees, so one neighbour would help another. Two or three men would cut a field by hand with a cradle, some more would bind it by hand. More would set it up. They used to cut hay with a scythe and rake it by hand with a wooden rake.

John had the large frame house built which is on the farm now, also the barn. His son, James, hued the timber for these buildings. The timber came off these farms. James also hued timber for the neighbours. They decided to have a well dug, so they got a man to witch for water. While they were trying to decide where to dig a well, a man who worked for them by the name of George Broad, said, "If I was digging a well I would dig it in this spot near the barn." So they took him at his word. The next morning they started to dig the well. By night it was all finished and a round cribbing was lowered in the well.

For many years the Township road was at the foot of the hill in a field east of the house. The present road, which runs on the west side of the house is what they call a forced road.

John was a Conservative in politics and a Methodist in religion. When he went to church he always wore a high

silk plug hat, which is still in possession of the family.

This farm is situated on the south 1/2 of lot eight in the tenth concession of Madoc Township.

In the year 1855 James married Louisa Sager and lived on the upper farm, which is north 1/2 of lot 8 in the tenth concession.

In the year 1893, Robert Moorcroft, another son, married Electa Sager. They lived with his parents. In the year 1896 Robert took ill with pneumonia and passed away. From then on James was manager of both farms.

In 1919, Robert's son, Hurrell, who always lived with his grandfather, took over the farm and married Ella Diamond. He has improved the farms and also the house. He has sided the house with new siding, and with the help of his son, Robert, has painted it on the outside.

In 1960 he had a new well drilled which Mr. Faulkner, who drilled it said it would never go dry. There are still two nice maple sugar bushes on these farms.

Mr. and Mrs. Hurrell Moorcroft have four children. Everett is now living where James lived. Verna (Mrs. Ray Howard) lives at Bath. Grace (Mrs. Fred Howard) lives at Havelock, and Robert, who is principal of King George School, resides in Belleville. This includes the fourth generation.

TO VISIT NORAD HEADQUARTERS

Rod Webb, M.P., Hastings-Frontenac

ac, will be one of the Members of Parliament to have the opportunity to visit NORAD Headquarters, Colorado Springs, U.S.A., and also the SAGE installations at North Bay to see these important areas of the North American Air Defence System.

This visit and briefings is sponsored by the Department of National Defence. They will leave Ottawa Saturday morning and return Monday in time for the opening of the House of Commons.

Traffic would be a lot safer if drivers tried to keep a little extra margin of safety, says the Ontario Safety League. If you avoid "near misses", you'll avoid accidents.

HOUSEWIFE

How is the housecleaning coming along? The boys have been busy picking up articles for the mammoth SALE on JUNE 27th. By the way, it is only six weeks away. The articles that are on hand include stoves, oil and wood; beds, tables, chairs, floor furnaces, lamps, bicycles and many other times.

This week, being the long week-end I am sure the cottage owners will be spending their time at the cottage, cleaning the lawns and I am sure the housewives will be busy inside getting the place spick and span for the summer months. Say, maybe we could make a trade for that old wood stove on an electric one. This is what we will do. You phone one of the numbers below and we will have a truck in to pick up the old stove, and then on June 27th you can bid on one of the number of electric stoves we have on hand. We take your old stove for the moving, and you will have a fangdangle electric stove that you have bought.

For the housewife who feels it is too early to houseclean, we are still ready and willing to pick up those articles that have been laying around your basement, attic and other rooms in your house. Oh, don't forget the garage. There is a real outstanding place to look. We could help you make room for the car again. If you have any item, big or small, just phone 473-4223 - 473-2812 - 473-2400.

TREE PLANTING

The Township of Camden is again pioneering in conservation work and in planting trees both for protection of the land and for beautification. The Reeve of the Camden Municipality, who at the same time holds the office of Warden of the County of Lennox and Addington, Mr. Douglas

IN MEMORIAM

TROTTER—In loving memory of our dear brother, Oliver, who passed away at the old homestead Sunday, May 19, 1963.

My heart still aches with sadness,
And secret tears still flow;
What it meant to lose you,
No one will ever know.
When I am sad and lonely,
And everything goes wrong,
I seem to hear you whisper,
Cheer up and carry on.
Each time I see your picture,
You seem to smile and say,
Don't cry, I'm only sleeping,
We will meet again some day.
Ever remembered by Blanche,
HetCo, Flossie.

Brown, arranged for several thousand trees from Department of Lands and Forests to be planted this year again. A site next to the Township Hall has been chosen for this purpose, and the old established pine plantation near Varty Lake has been enlarged.

The planting work near Varty Lake has been carried out partly by the Girl Guides of Napanee, and the organization of this project involving 62 Girl Guides was in the capable hands of Mrs. Lorne Shelter, Mrs. Carl Clark, Mrs. Milton Martin and Mrs. J. Blair.

UCW HOLD TRAINING DAY

On Monday, April 20th, approximately two hundred United Church Women of the Belleville Presbyterial met under the capable direction of Mrs. L. Finkle, Foxboro, chairman of

Leadership and Development Committee, for a training day, in Eastminster United Church, Belleville.

The day began with registration and Hymn singing and a welcome to Eastminster by Mrs. Hamm, president of Eastminster United Church Women and by Mrs. F. Smith, Newburgh, president of the Belleville Presbyterial. This was followed by bible study, conducted by Mrs. T. W. Spear, Trenton.

The main training of the day, "Christian Citizenship and Social Action," was very deftly handled by Mrs. J. E. Waldie, Newburgh, and her committee with Mrs. G. E. Dobbs, Belleville, as guest leader. Much information was gleaned from her explanations and portrayal.

Representatives were appointed to attend the School for Leaders to be held in Belleville in July. A question and answer period brought a very worthwhile day to a close.

Of course our bank likes to say Yes.

You see, we need the money.

Some of the revenue we earn comes from loans we make to people. So it's to our advantage to give every request for money much more thought. A little more understanding, too.

It could be money in The Bank, so to speak.

Another consideration: If we approve your loan you'll probably feel more inclined to do all your banking with us. Then we can really show you how truly helpful our complete banking services can be!

So do us both this one big favour.

Next time, see us for your money.

THE GOOD DRIVER

Nature has a remarkable, and blessed way of offering compensation to men and women with physical deficiencies. The miracles of achievement of blind and crippled people who manage to lead cheerful and productive lives gives constant evidence of this.

Car driving is one of the areas in which the power of compensation shows up, says the Ontario Safety League. It is known that many classes of men who are allowed to operate cars in spite of severe physical handicaps, have distinctly superior driving records.

An interesting case was reported from England. A study was made of a group of 149 London bus drivers found to have colour-defective vision. Each had more than 15 years' service, and had been recruited before colour vision tests were employed. It was found that these drivers had slightly fewer accidents than a control group with normal vision. There was no significant difference between the records of drivers with severely defective colour vision, and those with a less severe colour vision handicap.

However, the Chief Medical Officer of the London Transport Executive, reporting that bus drivers are not taken off their work on account of "colour blindness," said: "These men are professional drivers who practice their skill constantly. It remains possible that the experience of those who drive only occasionally might be different."

The OSL makes the point that all normal drivers have the capacity to drive much better than they do. Each driver has a safety reserve, largely untapped. A person who suffers a handicap, can usually call on the reserve to compensate abundantly for the difficulty. Driving compensation can usually be made satisfactorily for permanent handicaps, such as a physical disability; and also for temporary handicaps, such as difficult driving conditions.

The essential thing, of course, is to recognize the handicap and to be willing to adjust to it. "Less speed, more care," is the rule that offers complete compensation for most temporary driving handicaps.

RAINBOW TROUT SHARPENS UP

A group of anglers fishing for rainbow trout last week in a lake just north of the Mazinaw caught a four pound rainbow trout. The lucky angler was most delighted with his catch at first, but later when he proceeded to dress the fish for the frying pan was indeed startled when his knife ground to a squawking halt against a hard object inside the fish. On closer examination the angler found a ten inch three cornered file in the fish's stomach.

Further investigation revealed that the file belonged to a cottager on the shore who had lost the file overboard from his boat previously.

Grime does not pay—especially on a windshield. See for safety. Keep your car glass clean inside and out, the Ontario Safety League asks.

subject was dealt with by the Agricultural Representative, Sidney MacDonald.

FOREST CONSERVATION WEEK MAY 10-16

Canada is a forest nation. It may seem strange, therefore, that a special week should be designated as "Forest Conservation Week." This is the case, however, and His Excellency Major General the Rt. Hon. George P. Vanier, Governor General, has proclaimed the period May 10-16 as such. Over 80% of Canada's million square miles of productive forest is owned by the public. Containing over 170 native species, this treasure house provides 3,200 million cubic feet of timber annually. It is the source of wood for six thousand uses, of jobs for 300,000 Canadians, and the basis of a flourishing tourist industry. Our citizens and those from many other lands visit it by millions to enjoy its beauty and that of the wildlife and water nestling within it.

The Ontario Forestry Association and its sister associations in the Canadian Forestry Association feel that a special week is necessary to focus public attention on the forest wealth surrounding us. They point out that too frequently we regard it as an inexhaustible resource and fail to give it the care it deserves. We bulldoze it, burn it and butcher it. There are important management programs underway and all is not lost by any means. But every individual must play his part to use our forests wisely so they may continue to provide their many blessings. Harvesting the forest crop is a part of forest conservation. Abusing that crop by wasteful cutting or needless burning, however, is unpardonable. And last year there were 1,885 forest fires in Ontario alone. This was a jump of 24% over the previous year.

Forest Conservation Week, in view of the above, is surely timely and deserving of the utmost consideration by us all.

Purpose and Power to your life.
We Invite Everyone, Young or Old, to Attend.

NOTICE RE PARKING IN MADOC VILLAGE

It has been found necessary by the Council of the Corporation of the Village of Madoc, commencing May 1st, 1964, to enforce By-Laws 666 and 810 in order to regulate parking and the flow of traffic on St. Lawrence Street and Durham Street.

The said By-Laws provide as follows:

1. No person shall double park a vehicle on Durham Street between Livingstone Avenue and the driveway on the north side of Blue's Hotel and on St. Lawrence Street (No. 7 Highway) between Davidson Street (United Church Corner) and Russell Street (Highway No. 62).
2. No person shall park a vehicle for more than ONE HOUR between the hours of 7 a.m. and 7 p.m. on any day except Sunday and Legal holidays on the north side of St. Lawrence Street from Davidson Street to Russell Street and on the south side of St. Lawrence Street from Durham Street east to Davidson Street and on the east and west sides of Durham Street from Blue's Hotel to Livingstone Avenue.
3. Any person convicted of an offence under the said By-Laws shall be subject to a fine of not more than \$10.00 for the first offence and not more than \$25.00 for any subsequent offence.

Tom Burnside, Bruce M. White, Jack Kincaid,
Reeve Chairman of Streets Clerk

KITCHEN CHATTER

CHOCOLATE MINT MOUSSE

"Two popular flavors in a creamy frozen dessert!"

- | | |
|--|--------------------------------------|
| 1 1/2 squares (1 1/2 ozs.) unsweetened chocolate | 1/2 tspn. salt |
| 20 large marshmallows (5 oz.) | 1 tspn. peppermint flavoring |
| 1 cup evaporated milk | 1 cup, well chilled, evaporated milk |

Melt chocolate in top of double-boiler over simmering water. Add marshmallows, one cup evaporated milk and salt. Continue heating until marshmallows are melted, stirring occasionally. Chill thoroughly and add peppermint.

Whip remaining one cup well-chilled milk until stiff and fold in chocolate mixture. Pour into freezing trays and freeze until firm. Makes six to eight servings.

To whip evaporated milk—Chill the milk thoroughly by placing the can in the coldest part of the refrigerator overnight, or by pouring into freezing tray and placing in freezing compartment until ice crystals begin to form around the edges. Chill bowl and beater. Beat milk vigorously until soft peaks form.

SPRINGTIME SALAD

"A molded side salad refreshingly light textured and delicate in flavor"

- | | |
|---|---|
| 1 pkg. (3-oz.) lime flavored jelly powder | 1 cup diced, unpeeled, red apple |
| 3/4 cup boiling water | 1 tblspn. chopped sweet pickle |
| 1/4 tspn. salt | 1 can (6 oz.) evaporated milk, well chilled (2/3 cup) |
| 3 tblspns lemon juice OR vinegar | |
| 3/4 cup diced celery | |

Dissolve jelly powder in boiling water, add salt and lemon juice. Chill until mixture begins to set, then fold in celery, apple and sweet pickle. Whip evaporated milk until stiff and fold into jelly mixture. Turn into a 4-cup mold or individual molds and chill until set. Makes six servings.

ASPARAGUS AND EGG RAREBIT

"A colorful luncheon dish"

- | | |
|----------------------------------|---------------------------|
| A colorful luncheon dish | 1/2 tspn. pepper |
| 1 pkg. (10-oz.) frozen asparagus | 1/4 tspn. paprika |
| 1/2 lb. diced processed cheese | 1 cup evaporated milk |
| 1/2 tspn. salt | 6 sliced hard-cooked eggs |
| | 6 slices buttered toast |

Cook asparagus. Add cheese and seasonings to evaporated milk. Cook over low heat, stirring constantly until cheese is melted and sauce has thickened.

Arrange sliced eggs on hot buttered toast, top each slice with five or six asparagus spears and cover with cheese sauce. Makes six servings.

Note: This recipe may also be used when fresh asparagus is on the market. Use 1 1/2 pounds fresh asparagus in place of frozen asparagus.

Your Life and Mine

YOU CAN BE FREE FROM FEAR

Although it is not always readily admitted there are many persons whose daily life is marred by nagging fears. Yet there is ample assurance in the Bible that this is not in accordance with Divine will. We are told in Tim. 1:7 "God hath not given us the spirit of fear; but of power, and of love, and of a sound mind." If we need further assurance we have only to recall that when our Lord was on earth He constantly bestowed tranquility and healing on those who turned to Him in faith.

Faith, cultivated day by day, will provide an awareness that a stronger hand than ours is keeping the course of life steady. However, there is always something we must do, and if our days are overshadowed by an unhappy past we must conquer it by refusing to renew it in our thoughts. It is not a matter of trying to say that something didn't happen, but we must be willing to leave the past behind. If a strong negative outlook has already taken hold of us we can gain freedom from it by daily acts of courage, and faith that happier days will come to us when we believe in the power of God.

It has been wisely said "Do the thing you fear and the death of fear is certain." When we are caught in fear's unhappy web it is not easy to step forward and face the condition of which we are afraid. Yet when we make a decision in faith and follow it with action there comes a wonderful feeling of release like the breaking of chains.

When fear has become a habit we must do something in faith each day. The action or the thought may be only a small one, but if it is positive and constructive it enables us to gain freedom. If fear is new to us we can trample it down once and for all by refusing to give it a place in our thoughts, and by filling the mind with faith instead. Everyone can be happier by living in accordance with the belief that daily thoughts and acts of faith build the freedom necessary for an abundant way of life.

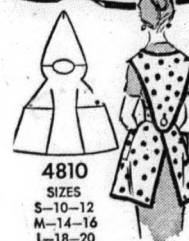

Paul Hall, president, Seafarers' International Union of North America, arrives for press conference.

BUTTER GRADING

Canada Dept. of Agriculture's Dairy Products Division graded 265 million pounds of creamery butter in 1963, about 75 per cent of total production.

Pattern Price 50c

Wanta know origin of term 'POSH'?

When Britain was expanding her colonial empire, colonialists and officials of the Foreign Service were travelling to India by steamer and camel until the Suez Canal was built.

It was during this period that the word "posh" was originated by P&O-Orient Lines.

As a courtesy, favored officials were assigned to cooler cabins on the shady or port side of the ship going out to India and the shady or starboard side coming home to England.

Thus, their steamship tickets were stamped P.O.S.H. (Port Out Starboard Home) and the word posh, meaning high quality or elegant service was coined.

In ancient Hawaii a goa was an individual who made fighting his profession and often acted as a champion of the field of battle.

Don't Neglect Slipping FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. FASTEETH, an alkaline (non-acid) powder to sprinkle on your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, soapy, sticky taste or feeling. Get FASTEETH today at drug counters everywhere.

7411

Get busy—knit your own "fur" stole of mink or pastel-colored mohair—then brush. Alternate knit and purl bands for a glamorous stole. Wear it all year 'round for extra warmth. Pattern 7411: knitting directions for stole.

Pattern Price 35c

A LOVELIER YOU

By MARY SUE MILLER

DON'T DRIP-DRY, QUICK-DRY. A lovely writes: I am considering the purchase of a home hairdryer. But first, I would like to know if constant use would aggravate the already dry condition of my hair. I set my hair several times a week.

The Answer: There is every evidence that quick drying a set is far better for the hair than leaving it in a sudden mass for hours. A girl wouldn't do that to her nylons, and her hair is much more precious.

Too, left for long periods in the hair, rollers and pins cause harmful strain on both the scalp and strands. That a headful of hardware is also a strain on the eyes of the beholder—a horror committed in the name of beauty—should clinch the argument in favor of quick drying.

Efficient hairdryers do the job in about thirty minutes. Other than the reputation of the maker, the guarantees of efficiency are a roomy, well-perforated hood and three way heat control. There's a plus in a light-weight portable model, for it enables you to move about and turn the waiting time to any number of profitable pursuits.

When using a dryer on dry or tinted hair, keep the heat control on warm until the last moments and then switch to cool. Apply a little ointment to dry scalp before going under. But whatever a head's condition, take a set down as soon as it is dry. Should setting be a bedtime ritual, just don't comb it out, cover with a frilly cap. Your set will look lovely on the morrow. In the meantime, so will you!

Country Style
Hair stylists Aubrey Tite
of Walsoken, England, is of-
fering country hair styles to
teenager farm hands in Nor-
folk with appropriate names
such as the furrows, the wind
mill and the plow. Says Tite:
"Some people think that
country people are slow and
backward, but we can be
style-setters, too."

A U.S. Army sergeant pours hot soup into a container for one of the Anchorage residents left homeless by the devastating earthquake. The Army, Red Cross and other organizations are providing food and shelter.

What some people don't know
about driving would fill a
hospital.

"Will your wife hit the ceiling
when you come in this late?"
"Probably. She's a helluva
poor shot."

A small girl came home from
school and proudly announced to
her mother that Jimmy had
kissed her after class.
"You don't say?" said the
somewhat astonished mother.
"He certainly did," bragged
the little girl. "Three of my girl
friends helped me catch him."

In a ritzy gift shop, a woman
looked at a picture and asked,
"You don't consider this hor-
rible thing art, do you?"
"No, Madam," replied a
dealer. "You are looking in a
mirror."

Some suburbanites have two
cars, two children, two mort-
gages—and two martinis to for-
get the whole thing!

Eva Gabor had a narrow es-
cape when a thief knocked her
on the head and made off with
her fifteen-carat diamond ring.
Eva was hospitalized with a
concussion.

Mamie Van Doren will be seen
taking a bath in a tub of beer
in the film called "Three Nuts in
Search of a Bolt".

Lana Turner has a big secret
romance with a Malibu Beach
lifeguard. She has also been dat-
ing ex-husband Fred May.

Vivian Vance says she likes
Hollywood, but she commutes East
nearly every weekend to her Stam-
ford, Conn. home to be with hubby,
who is a New York literary agent.

EGG QUALITY

Have you ever seen anything
more appetizing than a golden yel-
low poached egg with plenty of
thick albumen. Or for that mat-
ter, is there any food which can
leave a more lasting memory if it
is not good. In our every day
speech we speak
of a "Good Egg"
or a "Bad Egg"
as being the de-
sirable or unde-
sirable people of
our acquaint-
ance. Only we
as producers of
eggs have the
final say in the
good egg we
produce or fail
to produce and
our customers or
grading station
operators soon get their message
across to us when we slip.

Spring is here and summer not
far behind when many farmers
can't be bothered keeping the hens
confined as they have all winter.
They are too busy with seeding,
summerfallow and the like. Egg
prices too have dropped but as the
season lengthens eggs will likely
again be in short supply, at least
the good quality ones. Some points
on quality egg production should
help and actually don't take that
much extra time.

First of all, keep all hens totally
confined to the hen house and feed
them just as carefully as you have
all winter. A balanced ration will
do much to promote good interior
quality and good egg shells. As
the temperature increases, egg
shell quality will drop but not as
severely if there is extra calcium
readily available.

Hens gradually lose their ability
to make a real good egg as they
get older. Thus, with the summer
heat drying the eggs more and
the eggs not quite as good in the
first place, it is doubly important
to gather them often and cool
them rapidly to 55 degrees. Fre-
quent marketing of at least once
a week will also help. These
cooling and holding conditions
must be moist as well as cool.
The average cool basement is 60
degrees or more but is dry or pos-
sibly musty and care must be
taken to provide the cool moist
conditions necessary.

In conclusion let me repeat the
old adage that eggs, unlike cheese
do not improve with age. If you
have any questions, please write
(The Egg and Poultry Man, 1410
Scarth Street, Regina, Sask.) and
we will certainly give you all the
assistance possible.

\$19,400,000 paid out

660,000 Sask.

people benefit

under Medicare

More than 660,000 Saskatche-
wan residents received benefits
costing \$19,400,000 in 1963 under
the Saskatchewan Medical Care
Insurance Plan.

According to the annual report
of the Medical Care Insurance
Commission tabled in the Legisla-
ture by Health Minister Blakeney
recently, the per capita payment,
excluding administrative costs,
was \$22.05.

This cost was below the
\$22.39 to \$23.06 originally
estimated when the plan was
put into effect in 1962.

Of the total paid in benefits,
\$12,657,000 passed through ap-
proved health agencies, \$3,179,000
were paid directly to physicians
and physiotherapists, \$2,477,000
were paid directly to patients and
\$1,097,000 were paid through the
Swift Current health region.

The report said there were
939 resident physicians regis-
tered with the College of Physi-
cians and Surgeons as of
January, 1964, up by 58 from
the total on the register one
year earlier.

MCIC records showed that dur-
ing the last quarter of 1963 there
were 567 general practitioners and
215 specialists represented in
claims for insured services.

The fund paid out \$87,000
in 1963 to cover scholarships
awarded to 24 medical stu-
dents and bursaries awarded to
another 102.

The fund received \$5,272,212
from premiums during the year
and \$24,663,000 in grants from the
province's consolidated fund, of
which \$15,322,000 was appro-
priated in the fiscal year 1963-64.

The fund's total receipts for
1963 reached \$31,155,044. Costs
during the year totalled \$21,443,-
9

NEW BUSINESS BUILDINGS TO BE OPENED THIS WEEK

This week two new business buildings will be opened in Madoc, situated side by side on St. Lawrence Street. The new Toronto-Dominion Bank building and the new Crest Hardware Store add greatly to the appearance of the street.

Work of demolishing the old two-storey bank building and adjoining store owned by the bank started early last November. The building was quickly taken down and since then a modern new one built of steel, concrete and brick construction. This new bank is modern in every respect and, according to bank officials, is filled with bright, new ideas to make your banking easy and convenient.

In order to provide more floor space, a mezzanine has been constructed which holds wash rooms, air conditioning and heating units, cupboards and fireproof storage space. On the main floor is the manager's office, walk-in vault, night depository, lunch room and portable teller units. All furniture and equipment is new and presents a most pleasing appearance.

The general contractor on the job was Graham Banks, of Peterboro, while twelve sub-contractors were also used.

This Saturday afternoon, May 23rd, the general public is invited to visit the bank for the official opening. There will be a tour of the building and light refreshments will be served.

On Monday, May 25th, the bank will open for business in this new building.

On Monday evening, February 17th, the Crest Hardware store and contents, owned by Mr. R. F. Dafeo, were destroyed in one of the hottest fires the village has seen. The contract of reconstructing the building was awarded to the Tweed Construction Company, and since that time a modern, attractive, new one-storey hardware store erected, with floor space above, which could be used as an apartment, storage or office space.

New fixtures have been installed and, with an entirely new stock, Crest is holding a grand re-opening on Thursday, Friday and Saturday of this week, when there will be prizes, draws and special bargains.

GRADUATED FROM RYERSON POLY TECH. INSTITUTE

Mr. Ralph Gordon Franks, son of Mr. and Mrs. Stanley Franks, of Madoc Township, was among the graduates of Ryerson Poly technical Institute this year, graduating as an Electronic Technician.

Mr. and Mrs. Franks and Miss Shirley attended the graduation exercises, which were held on Friday, May 15th. This, the first graduation ceremony since the completion of the expansion program, was an important social and historical event for Ryerson Institute.

Mr. Franks left on Monday of this week for Chalk River, where he has accepted a position with the Atomic Energy Commission.

FAREWELL FOR REV. AND MRS. SINCLAIR

On Thursday evening, May 14th, members of the congregation of St. Peter's Presbyterian Church gathered in the Sunday-School rooms to spend a social evening with Rev. and Mrs. Sinclair and family prior to their departure for Smith's Falls, where Mr. Sinclair has accepted a charge.

Musical numbers by the Junior Choir, under the leadership of Mrs. Irene Crawford were enjoyed. Several old-time favourites were sung by all present, with Miss Lamoine West at the piano. Mr. Wm. Hawthorne favoured with several numbers on the accordion. Mr. John Wagner enacted a humorous skit. Mrs. Jud. McGowan, member of the Board of Stewards of Trinity United Church, in her very capable manner, brought greetings and best wishes from that congregation.

Mr. Jas. Miller, chairman for the evening, asked Rev. and Mrs. Sinclair and family to take seats of honour and an appropriate address was read by Mrs. Cecil Woods, after which Mr. Lloyd McLeod presented them with a purse of money.

Rev. and Mrs. Sinclair voiced their appreciation and regret of leaving. A buffet lunch brought a very enjoyable evening to a close.

FIREWORKS DISPLAY SUCCESSFUL EVENT

A large crowd turned out for the fireworks display put on by the Madoc Athletic Association at the Fair grounds Monday evening. Music was furnished throughout the evening by the Madoc District Band and the refreshment booth was well patronized.

Costs for the evening, including \$300.00 for the fireworks show, were over \$400.00, leaving a balance of over \$100.00 for the rink fund.

Those in attendance were well pleased with the display and those responsible have promised an even better show next year.

BRIDGES IN VILLAGE BEING COMPLETED

Last Saturday the bridge on No. 7 highway in Madoc Village was opened to two-way traffic and the traffic lights shut off. Bridge construction in Madoc Village has been going on since last summer, with three new bridges being built over Madoc (Deer) Creek, one on Livingstone Ave., one on Russell Street and one on St. Lawrence Street.

There is some grading yet to be done and an asphalt top laid. It is expected this work will be done early next week.

LOCAL and PERSONAL

Week-end callers at the home of Mr. and Mrs. Ben Miller included: Mr. Geo. Haggerty, of Stettler, Alta., Mrs. Clarence Embury, of Corbyville, Mrs. Clarence Platt, of Plainfield, Mr. and Mrs. Wm. Ellis, of Belleville, and Mrs. Blanche Webb, of Toronto.

Mr. Tom Creatrix, of Toronto, spent the week-end with his mother, Mrs. Mary Creatrix.

Mr. Fred Jordan, of Bristol, Eng., is staying at the Anglican Rectory with his daughter, Mrs. K. J. Thompson, for two months.

Visitors at the home of Mr. and Mrs. Jud. McGowan over the holiday week-end included, Mr. and Mrs. Doug. McGowan, of Peterborough, Miss M. E. Varty and Dr. and Mrs. Hilliard Varty, of Toronto, Mr. and Mrs. Wm. Gpen and Ruth Gpen, of Washington, D.C., and Mr. and Mrs. Exton Varty, of Ottawa.

COMING EVENTS

MADOC HOME AND SCHOOL Bake Sale will be held Saturday, May 23rd, in McCoy's Grocery.

SUGAR and SPICE

By Bill Smiley

In Our Dreams

Do you indulge occasionally in the dream of coming into a lot of money? Most people do. It's something like taking dope; you're high, wide and dreamy while you're at it, but the let-down is jolting.

The bored housewife, for example, stretched over her ironing board, envisions herself in bikini suit on a deck chair on a yacht in the Mediterranean, sipping a long, cold drink. Tanned and handsome, Count Serge Popoff takes her hand and, devouring her with his eyes, leans forward to kiss it.

Just as she is thrilling right up to the shoulder from the cool, firm imprint of the count's lips on her mitt, she looks down and discovers that the cool, firm lips have suddenly become the cold, runny nose of her daughter, who is wiping it on the back of daddy's hand.

Maybe the factory hand, busy all day putting square pegs in round holes, begins toying with what he'll be doing if his sweepstake ticket comes through. In his mind's eye, he is killing on his balcony in Acapulco's poshest hotel, overlooking the swimming pool, while a beautiful Spanish girl with a rose in her hair whispers seductive stuff in his ear.

It's a dangerous shock to his system when he suddenly realizes that the fate so near his own is not the Spanish lovely, but the straw boss, and the tender murmurs have become a mouse-like bellow that wants to know what the hell you are gaping at.

Even the Canadian farmer, a solid fellow most of the time, has his weak moments. Like when he starts dreaming that he had a thousand head of cattle, instead of twenty, and he sold

them at forty cents a pound, instead of eighteen. Clear as crystal, he can see himself and Maw heading down the highway for a long holiday in the new Cadillac.

It does him no good at all to wake up and find that the Cadillac has been transformed into a tractor, and he's heading straight for the stone fence.

For years, I've had these dreams: riding in a ricksha in Rangoon, tossing silver dollars to the natives; dropping in on Princess Margaret and Tony for a cocktail; flying to Rio for carnival time. But lately, they have solidified into one recurrent dream which is more like an obsession. It comes almost nightly at this time of year.

In the dream, my wife says, "When are you going to get those storm windows off, have you any intention of cutting the lawn this year, what do you intend to do about that fence?"

I just tell her to shut up. This is how I know it's a dream. Then I reach out nonchalantly, push the bell-button beside my chair. A man appears and asks respectfully, "Yes, sir?"

I tell him, "John, get those storm windows off. And I don't mean tomorrow. The grass needs cutting, and do something about propping up the fence. Now, get cracking."

He says, "Right away, sir." I lean back, light a dollar cigar, and splash a little more soda into my brandy. That's the dream in essence. There are variations on it, depending on seasons. Sometimes I tell John to shovel the walk, and I splash a little more brandy into my soda, but it's the same dream.

You can have your yachts, your Acapulco balconies, and your Cadillacs. Just give me John.

FUNGICIDES AFFECT APPLE YIELDS

The orchardist today has a choice of several fungicides suitable for apple scab control.

Tests at Canada Department of Agriculture's research station have shown that some of these effect the yields and quality more than others, reports Dr. R. G. Ross, head of the plant pathology section at the station.

In tests over a four-year period, sprays of captan, dodine, dichlorone and phenylmercuric acetate (PMA) were applied to McIntosh trees planted in 1934. The PMA trees received captan in the cover sprays.

Largest yields of apples were obtained from trees sprayed with captan. Next was dodine, followed by PMA and dichlorone in that order.

In comparison with the average yield for the five years prior to the tests, the fungicides gave the following percentage increases in yield: captan, 40; dodine, 30; PMA, 18; dichlorone, seven.

Trees sprayed with PMA, however, produced the biggest apples, apparently because of some thinning action by the fungicide. Captan and dichlorone sprays resulted in fruit of equal

size, while dodine treated trees produced fruit that varied in size from year to year.

Dr. Ross reports that the fungicides had little effect on bloom, tree growth and fruit color.

Trees sprayed with captan produced fruit with the most attractive appearance, while the use of dichlorone resulted in a somewhat rough finish on apples. Dodine caused some fruit injury in two of the four test years.

CONTROL OF WEEDS IN PASTURES

What a boon to farmers if grass production from permanent pastures could be boosted three or four times!

In Eastern Canada there are thousands of acres of such land on which the owners apply fertilizers for this purpose without getting the best results.

The obstacle generally is broad-leaved weeds.

L. P. Jackson of CDA's experimental farm at Nappan has investigated the effects of weeds on pasture growth and has suggested a solution, a combination herbicide and fertilizer program.

Permanent pastures are often lo-

cated on rolling, steep or rough terrain, where cultivation is impractical and where dandelions, hawkweed, plantain and similar species are a problem.

In his permanent pasture experiments, Mr. Jackson found that in some plots, particularly those receiving an unbalanced fertilizer mixture or no fertilizer at all, 45 per cent of the growth was weeds. Applying a recommended quantity of complete fertilizer reduced the weed stand to 15 per cent of total yield and increased grass from 750 lb. dry matter to about 2,600 lb. dry matter per acre.

But even better results were obtained by combining herbicide treatment with fertilization. This reduced weed percentage to a low point of one per cent and increased output of grass to more than 3,100 pounds dry matter per acre. This was four times the original grass yield.

Herbicide treatment was simple. Pastures were sprayed in early spring at the start of growth and again in mid-August when young biennial weed seedlings were beginning to grow. The spray used was 2,4-D at the rate of 12 ounces of acid per acre. The increased grass production and reduction in weed growth were recorded for the year following this treatment.

Every issue of the weekly newspaper has something of interest to every member of the family, consequently newspapers "live longer" in the home before they are discarded. They do not irritate; they invitingly await the reader's attention.

An expert is one who's called at the last minute to share the blame.

VG VICTORIA and GREY TRUST

Belleville

Even without Wampo, Lhungnak and Trashi Phub,

Seagram's V.O. is still the largest-selling Canadian Whisky in the world!

There are towns in Tibet where no V.O. is sold. But these are greatly outnumbered by the cities, towns and hamlets in 130 countries where V.O. is sold. In fact, more Seagram's V.O. is sold throughout the world than any other whisky exported from any country.

Why? We think it must be the quality of the product. The mellow flavour of Seagram's V.O. combines brilliance of taste with lightness of tone — and this balance of good taste never varies.

As a result, V.O. is enjoyed by a world of people from Karachi to Killarney. So remember... V.O., V.O., wherever you are!

QUEENSBORO 4-H HOMEMAKING CLUB

The seventh meeting of the Queensboro 4-H Girls' Homemaking Club was held on April 27th at the home of Betty Sexsmith. The meeting was opened with the 4-H pledge and the reading of the minutes of the last meeting being read by Sharon Cassidy. The roll call was a suggestion for our club skit or demonstration. Plans were discussed for Achievement Day.

We worked a buttonhole on our own material. Demonstration was a buttonhole review, judging garments and materials. Practical work consisted of work on our garment, judging garments and filling in all check sheets.

For our home assignment, we were to complete garments and record books, and to learn the score for garments and materials in our members' pamphlets.

The meeting was closed with The Queen, and lunch was served by the hostess.

The eighth and final meeting of the club was held on May 11th at the home of Mrs. Allan Sager. The meeting was opened by the president, Lynda Barry, with The Queen.

The minutes of the last meeting were read by Joan Alexander. The roll call was, "Something I have learned from the Unit." Collection for the evening was \$1.10.

The members discussed plans for Achievement Day and this included judging a class of pyjamas and nightgowns, and how to judge a class of materials. Our leaders demonstrated how to judge materials and garments properly. After being correctly instructed, we worked on our unfinished

DIARY OF A VAGABOND

By Dorothy Barker

The other day I received a visit from a gentleman with a twinkle in his eye and a small bundle tucked under his arm. He asked me if, on my late husband's family tree, there was registered one Edward John Barker, M.D. When I replied, not to my knowledge, he undid his parcel and showed me a precious collection of 1846 editions of *The British Whig* "printed and published thrice weekly by Edward John Barker, M.D., at The Atheneum—In Bagot Street next door to the Lambton Hotel, Kingston.

The old fashioned type-face also declared on the masthead: "Terms: One pound, five shillings per annum with allowance of five shillings if paid in advance. The *British Whig*, being a Journal of the largest Canadian circulation, NO DISCOUNT will be allowed on advertisements, on any pretext whatever."

I wondered if the doctor made fish of one advertiser and fowl of another for one of his columns was devoted in each edition to expounding the merits of Dr. Barker's laxative pills obtainable at the Atheneum! Provincial printer's ink running in a

ed garments and record books. We filled in all check sheets and handed in our completed books and garments at the close of the meeting.

In conclusion, we would like to acknowledge our appreciation to our leaders, whose patience and guidance helped us greatly in our project. Without the thoughtful hints and careful demonstrations of Mrs. Sager and Mrs. Cassidy we know we could not have finished. Once again, thank you.

writer's veins is an old adage, but surely pills for the relief of "bilious complaints, pains in the head, giddiness, flatulency"—name it and Dr. Barker had a cure for it—in a print shop, or newspaper office, is another slant on intellectual production.

The ads in *The British Whig*, circa 1846, were teasers for the imagination: "2000 gallons Sydenham whiskey for sale by M. Drummond," appeared in every issue I saw. Did M. Drummond sell 2000 gallons of whiskey after each issue appeared, or was the buying public in 1846 not interested in his offer, hence the repeated ad?

And this one headed in the largest type in the paper, which was only 10 point—THE NAPLES HAIR DYE. "For some unaccountable reason for the last two years, many young people, both male and female, have had the misfortune to have their hair turn permanently gray." The ad promised a safe, sure way of restoring color! Things haven't changed much. Only now it's the gals who try to fool even themselves, while men keep pretty hush about hitting the dye bottle.

Down the Old Plank Road

There were ads for tenders for a plank road between Cobourg and Rice Lake, Ontario, notification from the Montreal and Lachine Railroad that it would soon be prepared to offer the entire work of a road construction contract and a delightful notice relating that—"The former Vice-Regal residence of Lords Durham and Sydenham has been greatly enlarged into an hotel, providing six bathing rooms and a billiard room as well.

"Carriages always in attendance to convey parties to and from the Steamboat Wharves and the Upper Canada and other Stage Coach offices."

And what about news? Dr. Barker's Journal contained columns in fine print reporting the entire sitting, word for word, of the House of Lords in London, a column on "Mexican Soldiering" and a story at great length about—"A new and perfect method for preserving animal and vegetable bodies" (which turned them to stone!)—but rarely a squib about Kingston!

BELL LINES

By Milton G. Sweeney.
Your Telephone
Manager

NOT VISIBLE

I suppose it may seem strange bringing up icebergs in May, but it suddenly occurred to me that they have something in common with the telephone business. Just like the greater part of an iceberg, the greater bulk of technological advances in telephone service is not visible to the average person. If asked, I suspect most telephone users would say that 'phone styles have changed over the years, and that transmission has improved markedly, but that in general telephone service serves the same single function today as it did fifty years ago. Not so! For example, telephone lines today carry computer "talk" as well as people's conversations, and carry charts, diagrams, drawings, musical scales and even hand-writing as it is being written! Again, telephone lines are used to regulate traffic lights from remote control positions, or to regulate the flow of oil or natural gas in pipelines spanning the continent. But, as I say, many of these aspects are not apparent to the average customer.

CUSTOM MADE

I'd like to bring your attention again to the special telephone handsets that we provide for customers with speech or hearing difficulties. The "handset for confidential conversations" is not only meant for people who wish to speak softly for privacy, but for those who, perhaps as the result of an operation, cannot speak as loudly as they wish. (And for laryngectomies, of course, there is the artificial larynx). The handset for impaired hearing contains a rotary switch that raises the caller's voice-level to desired strength. If either of these handsets, or the artificial larynx, could possibly make your life a little pleasanter, please don't hesitate to call our Business Office and inquire about them.

On impulse, the man had written to an old friend with whom he'd been out of touch for many years. When the out-of-town friend received the letter, he made a Long Distance call to our impulsive pal. "Your letter really surprised me after such a long time," he said, "And what's more today is my birthday, so I thought I'd give myself a birthday present and call you!"

COLOURS PRESENTED TO H. & P.E. REGIMENT

An estimated crowd of 5,000 people were present at Belleville on Sunday when the famous Hastings and Prince Edward Regiment received their new colours and the freedom of the city.

The Hon. Earl Rowe, P.C., presented the regiment with its new Queen's and Regimental colours. His Worship Mayor J. R. Ellis presented the second battalion of the famous "Plow boys" regiment with the "freedom".

Memory and pride bridged two decades and was evidenced in rounds of applause that swept from the crowd as upwards of 150 members of the famous "Plowboys" First Battalion, be-medalled veterans, who served in Sicily and Europe, swung past a saluting base.

A familiar figure to the veterans, former wartime commander Viscount Lord Tweedsmuir wearing the khaki beret of his regiment, took the salute smartly, with perhaps a little of the jauntness missing from their "swing" they snapped "Eyes Right" as they marched past Tweedsmuir under the command of former Sergeant Harold Dracup, M.M.

The Second Battalion, some 357 all ranks strong showing in parade from the results of weeks of intense training marched on the parade ground shortly before two o'clock under the command of commanding officer Lieut. Col. J. B. Black.

One of the main parts in the presentation of Colours to the Hastings and Prince Edward Regt. was carried out by the Officer Commanding "B" Coy at Madoc, Major Percy Gray, C.D., who is the only officer still with the Regiment who was an Officer with them overseas. Major Gray was one of the Senior Majors who took part in the unseathing, consecration and the presenting of the Colours to the Lieut.-Governor of Ontario, Hon. Earl Rowe, for his presentation to the New Colour Party. Major Gray's responsibility was the Regimental Colour, while Major Reardon Coy Commander at Trenton, handled the Queen's Colour.

A unique and entirely unplanned point of the Lieut.-Governor's inspection of the troops was when he stopped to question one of the young men of the 2nd Guard, which turned out to be Major Gray's son, Ronald, who has been in the Militia since joining the Summer Recruit Course in Madoc last summer.

Those from Madoc on parade with unit were WO2 B. Shaw, CD; Sgt. D. Ash, CD; Sgt. C. Gaebel, CD; Cpl. C. Martin; Cpl. J. Anglin; L/Cpl. R. Farley; Ptes. J. Blue, D. Brady, D. Bailey, C. Chambers, B. Edwards, E. Edwards, D. Genereaux.

Also from "B" Coy on parade Sunday were four from Marmora, five from Tweed, five from Bancroft, and about thirty from the area of Norwood, Hastings and Campbellford.

OBITUARY

HERMANUS H. (JOE) REIJNDERS

Resident of Madoc for the past 13 years, Hermanus H. (Joe) Reijnders died suddenly at his home on Tues-

day, May 12th. He was in his 71st year.

Born in Holland, he was the son of the late Mr. and Mrs. Willem J. Reijnders and had been caretaker at Blue's Hotel since coming to Madoc 13 years ago. He was a member of Sacred Heart of Mary Church and was well regarded in the community.

Besides his wife, the former Hendrika Van de Brink, he is survived by two daughters, Mrs. W. (Matilda) Schepers, of Guelph, and A. (Christina) Bolyea, of Madoc. Four grandchildren also survive.

He was the last of his family.

The funeral was held on Thursday morning, May 14th, from his late residence to Sacred Heart of Mary Church, where Requiem High Mass was celebrated by Rev. J. O'Neil.

Bearers were: Lloyd Blue, Hank Visser, Tony Willemssen, John Bristol, Mike Quinn and John Howard.

Interment took place in Sacred Heart of Mary Cemetery.

DAVID ELROY JONES

David Elroy Jones, formerly of Warkworth, died at the Loch Sloy Nursing Home, Winona, Ont., on Friday, May 15th.

Born at Warkworth 85 years ago, he was the son of the late Samuel and Jane (Wilson) Jones. He was a general farmer in the area for many years and later moved to Eldorado, where he continued farming for 30 years. He moved to the Winona area in 1940. Here he operated a fruit farm, retiring in 1958. He was predeceased by his first wife, the former Edith Wright, at Eldorado and his second wife, the former Clara Smith, in 1958.

He is survived by his brother, George Jones, of Winona and many nieces and nephews, some of which are in Oshawa, Winona and Warkworth.

He was pre-deceased by two brothers, William, of Trenton, Harvey, of Toronto, and two sisters, Mrs. John (Minnie) Black, Oshawa, and Miss Jessie Jones, of Toronto.

He was a member of Fifty United Church, Winona, and funeral services were held at the Stonehouse-Whitcomb Funeral Home, Grimsby, on Monday, May 18, 1964. Interment took place in Fifty cemetery, Winona.

MADOC W.I.

Mrs. Robt. O'Riordan Sr. was hostess for the May meeting of the Institute.

SMITH'S RADIO AND TELEVISION

ute. The roll call, "Pioneers of Hastings County," was well responded to and showed a good attendance.

Mrs. E. Moore gave a very interesting report on her trip to Guelph Agricultural College and the Adelaide Hoodless Home at Georgetown. Highlights of speeches by the Minister of Agriculture, Miss McKeercher and Mrs. Trivers were reviewed. The Theme of the gathering was, "To Whom much is given, much is required." One speaker stressed that there is no age limit to new ideas and originality. Another warned to choose your officers carefully, not press members into office.

Mrs. A. Empey, as Historical Research convenor, gave a synopsis of the book, "Country Life in Canada Fifty Years Ago." It showed us the family life and the means of providing for a family, the laborious ways of farming, cooking, weaving and making soap. There was only one polling booth in each county and only horses to take the men to vote. Mrs.

OUR HIGH SCHOOL

The assembly program this week, put on by XHIA, was one of the smoothest and most entertaining that we have had this year. Harold Bailey, with his pleasing personality, made an excellent M.C. with his comments and jokes. The opening exercises were conducted by Yvonne Ashe. A silent movie, entitled "Passion", with Lesley Brintnell, John Weaver and Linda Lavender as the main characters, was both imaginative and melodramatic. Kathy Burnside and Esther Hicks each delighted the audience with songs, and then we had a commercial skit written by Gayle Smith—a potpourri of many very familiar advertisements daily seen on TV. Gayle Smith, as the mother, and Gordon Pitts as the father, along with several children and guests, "advertised" Geritol, Tide, Heinz Pickles, Downey, even Gravy Train.

Lesley Brintnell was the comment-

IN MEMORIAM

WRIGHT—In loving memory of a dear uncle, K. W. Wright, who passed away May 20, 1963.

A beautiful memory of one so dear,
We cherish still with love sincere,
A day that comes with sad regret,
To one that we will never forget.
Sadly missed by Doug, Ethel, Gail and Sharon Francis.

WRIGHT—In loving memory of a dear uncle, Mr. Kenneth Wright, who passed away May 20, 1963.

A cheery smile, a heart of gold,
He suffered much but never told.
A friend to all, his last would give,
A better uncle never lived.
Ever loved and sadly missed by Jack and Ruby Francis and family.

PARKS—In loving memory of a dear son and brother, Arthur W. Parks, who passed away May 19, 1962.

Nothing can ever take away,
The love a heart holds dear.
Fond memories linger every day,
Remembrance keeps him dear.
Always remembered by mother and sister.

ator on a Fashion Show, in which we had Angus Rupert as a curvaceous matron, Richard Armstrong and Marjorie Stephens as Tiny Tots, to mention only a few.

The whole class appeared on stage to sing humorous and original songs they had composed about their teachers. Good fun throughout. As usual, our reliable Eric Sandford was in charge of the lighting and Jean Wagor accompanied the soloists.

On Friday night we had the last dance of the school year—the Cadet Dance. The citations orchestra provided lively music and the whole scene was one of lovely spring colours produced by the pink, blue and white streamers and the gay, summer dresses of the girls. Both the decorations and the conduct of the dance were in charge of the Dance Committee, chaired by David Brady.

As we mentioned last week, the winners in the Track and Field Meet went on to Belleville (girls) and Trenton (boys). The cold, wet weather had its effect on our girls, Janice Ash getting one second and one third and Jackie McKillican one second, one third and one fourth. The boys made a better showing. In the Juvenile class Don Stewart won a first in the Discus throw, a second in the mile run and a third in the half-mile. Don broke the Juvenile record with his Discus throw of 105 feet! In the Intermediate class Larry Barnard placed third in the Shot put and fourth in the Discus throw. Larry Jones, in the Senior division placed second in the pole vault.

Last Sunday afternoon in Belleville some twenty of our Cadets took part in the most impressive and colourful ceremony of the presentation of colours to the Hastings and Prince Edward Regiment. Our boys conducted themselves most creditably—"the smartest cadets there" was the universal opinion. Judging from their performance, the Cadet Inspection next Wednesday should be excellent.

BANNOCKBURN

We are glad to report Mr. Fred Stapley has returned home from

Belleville Hospital.

Mr. and Mrs. Chas. Henderson, Toronto, called on Mr. and Mrs. K. Donly Monday afternoon.

Rev. and Mrs. Gallagher attended the Dawe-Gallagher wedding at Westmeath on Saturday.

Mesdames Donly, Evans and Sarginson, also Mrs. Gallagher attended the Missionary Convention at Peterboro on Wednesday of last week at Dublin St. Church.

Mr. and Mrs. David Foster, Oshawa were guests of the latter's sister, Mrs. Olive Wilson, on Sunday.

Mr. and Mrs. Arthur Raines, Toronto, were Sunday guests of Mr. and Mrs. F. Harris.

Mrs. J. Donly spent Friday afternoon with Mrs. T. M. Nicol at Madoc.

Mr. and Mrs. J. Blair and family, Miss Mabel Stevenson, Mr. Jerry Williams and others from Toronto, were among weekend guests of Mr. and Mrs. Walter Norman.

Mr. and Mrs. L. Judges and Mr.

Bob Judges, Toronto, were in town during the weekend.

Mrs. Gordon Armstrong, Toronto, spent the weekend with her sister, Mrs. Elvin Armstrong.

What's new in money?

Opening for pleasure
Saturday, May 23rd and opening for business
on Monday, May 25th
a spanking new branch
of "The Bank" in Madoc.

The newest thing in money right now is a bank—and what a bank! It's Madoc's most modern building, filled with bright new ideas to make your banking easy and convenient.

We're extremely proud of this new branch and we'd like to extend a personal invitation to you to join us from 2:00 to 4:00 p.m. on Saturday for light refreshments and a tour of the building. Our manager, Mr. P. Rowe, and his courteous staff will be on hand to greet you. To our good friends in the Canadian Legion, we extend our thanks for their co-operation and the use of their building during the completion of our new branch.

If for some reason you can't make it on Saturday, be sure to drop in on Monday. Starting at 10:00 a.m. sharp, we'll be offering the finest in banking service in a most modern setting. We're looking forward to meeting you.

Minister

MAPLE BABA

This Maple Baba is a glamorous Canadian version of the French Rum Baba. The cake is made of a yeast dough which is soaked in maple syrup after cooking. The recipe comes from the home economists of the Consumer Section, Canada Department of Agriculture, Ottawa. Try this delicious treat during the maple season when the flavor and aroma of maple syrup is at its best.

MAPLE SYRUP BABA

"A Polish King is thought to have invented this cake naming it after one of the heroes of the tale, 'Ali Baba and the Forty Thieves'. The cake, introduced to Paris at the beginning of the 19th century, was later simply 'Baba'. A true Baba is made with rum—this is a Canadian version".

- | | |
|-------------------------------------|------------------------|
| 1 tspn. sugar | 1/2 cup butter |
| 1/2 cup water, lukewarm | 1/2 cup sugar |
| 1 package fast-rising yeast | 4 eggs, beaten |
| 1/2 tspn. salt | 1/2 tspn. salt |
| 1 1/2 cups sifted all-purpose flour | 1 1/2 cups maple syrup |
| Syrup: | 1/2 cup water |
| 1 tbspn. rum flavoring | |

Dissolve the one teaspoon sugar in the 1/2 cup lukewarm water. Sprinkle yeast over top and let stand 10 minutes. Stir well and beat in 1/2 cup of the flour thoroughly. Cover and let rise out of draft at 85 degrees F. until double in bulk, about 1 1/2 hours.

Cream butter and sugar. Beat in eggs alternately with remaining flour and salt until batter is smooth. Then beat into yeast mixture. Turn into greased medium (7 or 8 inch) tube cake pan, filling it about 3/4 full. Cover and let rise until double in bulk, 1/2 to one hour. Bake in a moderate oven (350 degrees F.) until nicely browned, 35 to 40 minutes. Cool in pan, then turn into pie plate.

Bring maple syrup water just to the boil. Cool until lukewarm and add rum flavoring. Prick baba all over with a skewer and pour syrup over it. Let stand, basting occasionally, until most of syrup has been absorbed. Decorate with chipped cream. Makes six to eight servings.

MAPLE CREAM PIE

"A velvety pie, pleasantly flavored with pure maple syrup and with a delightful aroma"

- | | |
|---------------------------|-----------------|
| 1 baked pie shell (8-in.) | 2 egg yolks |
| 1 cup milk | 1 tbspn. butter |
| 1/4 cup flour | 2 egg whites |
| 1/4 tspn. salt | Dash salt |
| 1 cup maple syrup | 1/4 cup sugar |

Heat milk. Mix flour and salt, then gradually blend in maple syrup and pour it into hot milk. Cook over boiling water, stirring constantly until mixture thickens, about six minutes. Stir a little of the hot mixture into beaten egg yolks, then add to remaining mixture in the double boiler and stir while cooking three to four minutes longer. Remove from heat. Beat in the butter. Cool slightly and pour into baked pie shell.

Top with meringue made from egg whites, salt and sugar. Bake in a moderate oven (350 degrees F.) about 15 minutes or in a hot oven (425 degrees F.) until meringue is lightly browned.

DEVILLED CARROTS

- | | |
|-------------------------------------|---------------------|
| 9 medium carrots (about 1 1/2 lbs.) | 1 tspn. dry mustard |
| 1/4 cup butter | 1/2 tspn. salt |
| 2 tbspn. sugar | 1/4 tspn. pepper |

Peel and quarter carrots. Melt butter, add carrots and saute over medium heat until almost tender, 15 to 20 minutes. Stir occasionally to prevent sticking. Add remaining ingredients and cook until tender, five to 10 minutes. Makes six servings.

Your Life and Mine

START ANEW ANY TIME

By PHYLLIS MITCHELL

When life is complicated, or dull, we sometimes wish we could make a new start. We yearn for a magic wand that will roll back the weeks, months or years to the time before negative conditions began to bring about our present unhappy state. However, while this cannot be we can learn to obtain the best from future days.

Perhaps at the start of a new year, or on a birthday, we have made a half-hearted attempt to square our shoulders and say we are "turning over a new leaf." However, we not have to wait for a special day to make the new start that will lead to happiness.

We can begin now, right where we are, to take a new attitude towards life, and go on from day to day with the faith that produces good results.

Instead of resignation there must be a resolution to do something about the state of our affairs, with God's help. The next most important thing to do is to sit down quietly and make an honest list of assets and liabilities, trying to select the condition that is most harmful to our well-being. Then we must prayerfully decide if action is needed on our part, for we usually have to do our share in solving problems.

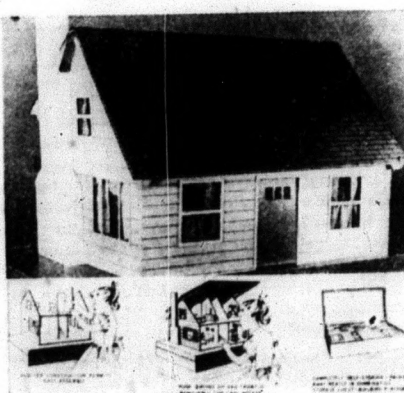

There may be some matters we shall have to leave entirely with God and continue in prayer and faith that He will provide opportunities for progress when the time is right for them. If we are in doubt about taking action we will not go far wrong if we ask ourselves these questions: Will it serve a good purpose? Is it just? Is it kind? If our plans can meet this test, and if we can pray about our hopes and ambitions, the chances are excellent they are good desires that can be fulfilled. Then we must have the courage to reach out in faith for goodness, beauty and achievement. Belief in our God-given abilities can change our lives, and we can do any good thing if we believe we can do it.

Danger in ashtrays

About one-third of the home fires blamed on careless smoking can be traced to inadequate ashtrays, warns the National Safety League of Canada. A cigarette butt can fall on upholstery or on a rug and smolder for hours, then burst into flame or produce toxic smoke that can suffocate occupants in their sleep.

NSL's recommendations: avoid small, shallow ashtrays. Choose trays that hold at least 10 cigarette butts, but not large enough to become catchalls for wrappings and other debris. Be sure the ashtray has wide outside rims and grooves to keep cigarettes from rolling out, or a device to hold or snuff out cigarettes in the bowl. The ashtray should be of material that will not burn, crack with heat, melt or become hot. Never use coasters, paper plates or other makeshift ashtrays.

PACKAWAY DOLL HOUSE TAKES LITTLE STORAGE SPACE

Here's one way to make the young lady in your life the "First Lady" of the Doll House set. The enchanting cottage illustrated has more really "playable" features than any Doll House we've seen. The front wall is easily removed for access to first floor rooms. Hinged roof swings up to permit playing on second floor. This Cape Cod style Doll House has the unusual combination of being an attractive show piece as well as a rugged and fascinating playtime companion. You don't need any special skill or tools to turn out a professional job. A full size pattern takes all the guess work and mystery out of wood-working. All you do is trace pattern directly on panelboard and saw parts to shape. Step-by-step illustrated directions guide you through every phase of building and painting. The unique slotted construction permits easy assembly, or dismantling. The house sets on a base that doubles as a chest when storing house out of the way when not in use. There's also room in the base-chest for storing away doll furniture. This Packaway Doll house provides a delightful answer to all gift problems. It's fun to make—even more fun to give. Send \$1.00 in coin, cheque or money order for Packaway Dollhouse Pattern No. 596 to:

CARPENTRY DEPT., PRAIRIE PUBLISHERS, 280 MAITLAND ST., LONDON ONT.

A CHILD IS POISONED

Speed is essential and mistakes are costly when a child is known to have consumed poison. Complicated instructions are of little use. Here are four simple steps:

1. Dilute the poison by making the child drink water; two cups for children under five, a quart for those older.
2. Make the child vomit in all cases except when there are burns around the mouth. This means the child swallowed a corrosive, such as lye. Vomiting would seriously aggravate burns in the throat and mouth. Avoid vomiting when the victim has swallowed petroleum products such as kerosene, gasoline, furniture polish, cleaning fluids. In such cases, vomit could enter the lungs causing broncho-pneumonia; also avoid it when the child is unconscious or in convulsions. It could choke to death. Induce vomiting by depressing the back of the tongue with a finger.
3. Call a doctor. Tell him the type of poison if it is known. Follow his instructions.
4. Keep the child warm and give artificial respiration if necessary. If the child is unconscious, take him at once to the nearest hospital. Take along the poison container, label, remaining contents and any vomited material.

These will help identify the poison. Caution: Concocting antidotes may waste precious time. Don't bother with them. Plenty of plain water is effective.

PREVENT POISONING

Lock the medicine cabinet. Drugs, including aspirin, the biggest offender, cause most child poisonings. Keep medicines off bedroom night tables.

Don't keep household chemicals under the sink. Keep them on high shelves where crawling children cannot reach them.

Never transfer a poisonous substance into a common unmarked container such as a cola or milk bottle, drinking glass or pitcher. A child could easily mistake the poison for milk or cola.

Never put poisons in cupboards used for food storage.

Never leave a potentially poisonous substance within a child's reach even for a moment. Children can quickly get pills from purses and drink cleaning fluid while mother's back is momentarily turned.

Check around the house regularly to be sure poisonous items are out of reach. Danger areas are kitchen, bedroom and bathroom.

POTATO EXPORTS SAG

Exports of Canadian potatoes amounted to 2.3 million cwt at the end of February, which completed eight months of the crop year. For the previous corresponding period the total was 3.6 million cwt, and for the entire previous crop year, 4.7 million cwt.

In 1962-63 there was an unusual movement of about 800,000 cwt to Europe, mainly to meet shortages in Portugal and Italy. These sales have not been repeated in the current year and sales to South America are smaller.

McIntosh and Delicious apples can be kept in controlled atmosphere storage until late spring following harvesting.

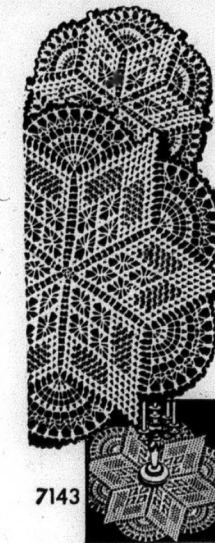

Now Many Wear FALSE TEETH With Little Worry

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. FASTEETH holds plates firmer and more comfortably. This pleasant powder has no gummy, gooey, pasty taste or feeling. Doesn't cause rashes. It's alkaline (non-acid). Checks "plate odor" (denture breath). Get FASTEETH at drug counters everywhere.

AGREES TO COMPROMISE

Indonesia agreed to a compromise in its dispute with Malaysia under which Indonesia guerrillas would be pulled out of disputed Borneo territory if peace talks get under way. Malaysia had demanded that the guerrillas be withdrawn before any talks began.

FEED REGULATIONS

Attention of the livestock in-
dustry is directed to recent
amendments to the feeds regula-
tions, information on which may
be obtained from Plant Products
Division, Canada Dept. of Agricul-
ture, Ottawa.

Rabbit feeds are again brought
under the Feeds Act for registra-
tion. Other amendments affect
medicated feeds and labelling for
"untreated" feeds, and fish oils. Hep-
tachlor epoxide has been added to
the list of prescribed deleterious
substances.

"They tell me"

By MILDRED ALLEN

THAT... we wives should have
our HEARTS in our marriage.
That the most valuable marriage
insurance is the MAGIC words of
sincere praise for all the many
nice things HE has done for us
and the children this week. It is
so easy to give praise and so easy
to forget to!

THAT... a successful wife
today has to be a versatile woman
and live many lives — as a wife,
a mother, and glamour girl! Quite
a job, however, it is surprising
how many young wives accomplish
it, and much more.

THAT... it is important to
give that "bread-and-butter" mar-
ried life something extra — and
often! That goes, of course, for
both HE and THERE!

THAT... it is thrilling to

BETTER VISION

Ducks and geese fly in a V-

formation because they have side
vision and can follow the leader
better when they are to the side
and rear of him.

watch a child discover for the first
time the white clouds floating
across a blue, blue sky. When they
see their first "burst-of-color" sun-
set or sunrise; the first time they
glimpse the moon sailing across
a blue-black night-sky. Or, stars
twinkling against the velvet cur-
tain drawn across the sky-stage
at the close of a day. Take a child
with you when enjoying nature—
wonders, YOU will enjoy it MORE!

U.S. TO BUY BEEF

FOR LUNCHES

The U.S. department of agricul-
ture expects to spend about \$140
million worth of domestic beef
for distribution under the govern-
ments nation school lunch and
needy family program.

It is hoped that the government
purchases will help strengthen
U.S. cattle prices which last month
were at the lowest level for that
month in seven years.

School beef will be choice grade
beef in the form of frozen ground
beef and boneless round and
shoulder roasts. Needy family beef
will be canned. There will be no
expensive cuts.

LARGE ATTENDANCE AT BANK OPENING

An estimated nearly 500 persons attended the official opening of the new Toronto-Dominion Bank building last Saturday afternoon. Manager Percy Rowe and Mrs. Rowe, along with members of the bank staff were on hand to meet the many visitors.

Following an inspection tour of the new premises, refreshments were served and souvenirs presented to those present.

Among those attending were Mr. A. E. Woods, assistant General Manager, and Mrs. Woods, Mr. E. R. Southcott, superintendent of Ontario Division, Mr. L. D. Chivers, supervisor of premises, and Mrs. Chivers, Clarke T. Rollins, M.P.P., Hastings East, Warden Thomas Burnside and Mrs. Burnside, Madoc Village Reeve, Reeve V. A. McMurray and Mrs. McMurray, of Tudor and Cashel, Reeve Allan Ketcheson and Mrs. Ketcheson, of Madoc Township.

On Monday, the bank re-opened for business in its new quarters.

LOCAL and PERSONAL

Mr. and Mrs. Fred Fleming, Mrs. Muriel Fleming and Misses Sherrill, Elaine, Myrna and Kerri Fleming attended the Spring Convocation at Queen's University on Saturday, May 23rd, at 10.15 a.m., where Ross Fleming received the degree of Bachelor of Arts.

Mr. Don Wannamaker is attending the Bay of Quinte Conference of the United Church of Canada in Kingston.

Mr. Sam Danford has returned home from Belleville General Hospital where he has been confined for the past two weeks.

Mr. and Mrs. Ogle Devolin, Sharon and Ross Devolin, Danny Francis, and Mr. and Mrs. Bob Bateman and family, of Madoc, also Mr. and Mrs. Fred Devolin, of Oshawa, spent Sunday at the home of Mr. and Mrs. Harold Barlow, at Bancroft.

Mrs. Hugh McIntosh returned to her home in Madoc township on Saturday, after having been a patient in Belleville General Hospital for several months.

Mr. and Mrs. Fred Devolin Sr., and daughter, Diane, of Toronto, spent a recent week-end with Mr. and Mrs. Ogle Devolin.

Mrs. Roscoe Vanderwater and the members of her piano class, the "Octovan Club," will be playing their annual recital in St. Peter's Presbyterian Church, Friday evening, May 29th, at 8 o'clock. They invite their many friends to enjoy the evening with them. Guest students will also perform and St. Peter's Junior Choir will sing.

OBITUARY

JOHN BAILEY

Resident of the Madoc area for the past 65 years, Mr. John Bailey, R.R. 4, Madoc, died at his home on Tuesday. He was in his 71st year.

Born in Michigan, he was the son of the late Mr. and Mrs. Wilson Bailey and had farmed in the area where he received his early education.

He was adherent of St. Peter's Presbyterian Church at Madoc and was a former member of the Board of Managers. He was past master of Madoc Lodge No. 48, A.F. & A.M. He was of a cheerful disposition and was highly respected in the area.

He is survived by his wife, the former Gladys E. A. Snelgrove, two sons, James Cameron Bailey, of Long Beach, Calif., and Robert John Bailey, of Scarborough. Also surviving are five grandchildren and a sister, Mrs. Anne Allen, of Toronto. One brother pre-deceased him.

The funeral will be held Friday afternoon from the MacKenzie Funeral Home at 2 p.m. Interment will take place in Lakeview Cemetery.

WILLIAM JAMES RAMSAY

In failing health for the past two months, William James Ramsay, of Millbridge, died at the Belleville General Hospital Saturday morning, May 23rd. He was in his 65th year.

Born at Queensboro, he was the son of the late Mr. and Mrs. Thomas Ramsay. He had lived on his farm in Millbridge for the past 30 years and previous to that in Queensboro.

He was a member of the Anglican Church.

Surviving are his wife, the former Mary Ida Moran; ten daughters; Mrs.

JACK BAKER ELECTED TO SEAGRAM'S BOARD OF DIRECTORS

The election of J. J. Baker to the board of directors of The House of Seagram Limited, and his appointment as a vice-president of the company, are announced by Charles R. Bronfman, president.

Formerly vice-president and general sales manager for Joseph E. Seagram & Sons Ltd., with headquarters in Montreal, Mr. Baker will now be located in Toronto, and will administer the marketing activities of The House of Seagram Limited and its Canadian subsidiaries in the provinces of Ontario and Manitoba.

A former resident of Madoc, Mr. Baker first became associated with the distilling industry in 1946. He has served with the Ontario and national marketing divisions of The House of Seagram Limited for more than ten years. In addition to his new responsibilities, Mr. Baker is a vice-president and director of Thomas Adams Distillers Ltd., Calvert Distillers Ltd., Jos. E. Seagram & Sons Ltd., Hopewell Farms Ltd., and other companies.

An enthusiastic participant in sports, community and service endeavours, he is president of the Montreal Sportsmen's Association; and a past governor of the Ontario, Quebec and Maritimes Division of Kiwanis International.

J. (Hazel) Moon of Madoc; Mrs. W. (Bernice) Curtis, of Peterborough; Mrs. R. (Barbara) Twiddy, of Ivanhoe; Mrs. W. (Shirley) Sandford, of Bannockburn; Mrs. E. (Ellen) Carswell, of Madoc; Mrs. C. (Donald) Rollins, of La Marida, California; Miss Doris Ramsay, at home; Mrs. K. (Kathleen) Pigden and Miss Beverly Ramsay, both of Madoc, and Miss Lillian Ramsay, of Peterborough. Six sons, Delmer James, of Queensboro; Ernest Douglas, of Bancroft; Ronald Joseph, of Marmora; Donald Wesley, of Millbridge; Larry David, of Smiths Falls, and Garry Wayne, of Millbridge.

Also surviving are two brothers, Gearance Ramsay, of Napanee, and Fred Ramsay, of Queensboro; five half brothers, one half sister and 27 grandchildren.

The funeral was held on Monday afternoon, May 25th, from the MacKenzie Funeral Home to St. John the Baptist Anglican Church, where service was conducted by Capt. J. H. Thompson. The church was filled to overflowing by the many relatives and friends in attendance and there was a profusion of beautiful floral tributes attesting to the high esteem in which the deceased was held.

Bearers were: William Norman, Donald Armstrong, Wally Norman, Ed. Alexander, Roy Ruckstuhl and Charles Griffin.

Interment took place in Eldorado Cemetery.

ENGAGEMENT

Mr. and Mrs. Douglas Faulkner Ashley, of St. Marys announce the engagement of their daughter, Virginia Lynne, to Cecil Roger James Ball, son of Mr. and Mrs. Cecil A. Ball, of Toronto. The marriage will take place on Saturday, June 27, 1964 at 4 o'clock in St. Marys United Church, St. Marys.

COMING EVENTS

PEANUT DAY—SATURDAY, JUNE 6th—House to house sale of Planter's Peanuts and Peanut Butter. Proceeds for local Scouts and Cubs.

COMMUNITY ART FESTIVAL, Madoc Art Centre, June 26th-28th, 1964. If you can sing, dance, recite or play a musical instrument, you are invited to take part in the above Festival. Write Roy and Priscilla Cadwell, Directors, Actinolite, Ont., phone 478-5186, Tweed. 19-3

CHRISTIAN SCIENCE AND THE Healing Prayer of Faith is the title of a free lecture by Howard H. Irwin, C.S., in Masonic Temple, 132 Foster Avenue, Belleville, Sunday afternoon, May 31, 3.15 p.m. sponsored by Christian Science Society, Belleville. 21-1

NOTICE

Please check your taps and toilet closets for unnecessary water waste.

Madoc's normal water consumption is 110,000-125,000 gallons per day. We are pumping 175,000-200,000 gallons per day.

With this consumption, the pump is running between 10 and 12 hours per day.

Your assistance in helping to find the cause of this excess usage of water will be greatly appreciated.

T. C. BARTON,
Chairman of Water and Sewage.

SUGAR and SPICE

By Bill Smiley

Wise Words from Will

Everybody is writing about Shakespeare these days. The only sour note in the fanfare of acclaim marking his 400th anniversary is a deep, rumbling sound that has many people baffled.

A few romantics claim it is the ghostly applause of nearly four centuries of playgoers, echoing down the years. A few realists assert that it is the muffled mumbling of 20 generations of students who had to memorize chunks from his works.

Personally, I think the discordant note is caused by the rapid rotation in his grave of the bones of The Bard, a shrewd businessman, as he agonizes over all those royalties he is not collecting.

Otherwise, things are going swimmingly as the critics and professors of English peer and peek and poke among the magnificent debris, and the inane argument about who really wrote his plays waxes once more with futile fury.

But I'm not concerned with that. There are enough people plodding about through his works, trampling poetry underfoot as they search for clues to prove that he was really Bacon or Marlowe or the Earl of Something.

Let's look for a moment at the real Will Shakespeare.

We find him in the hundreds of brief passages that have come ringing down the years with their universal truths. He had to put them in the mouths of others, of course, but the man himself is there, warm, alive, grinning, scowling, scolding, exulting.

What could be more human, for example, than his pride in his own

success? When the opening night performance of Hamlet showed that the play was a smash, he deftly inserted in the last scene, and on the spur of the moment, the joyful line, "A hit, a very palpable hit!"

We can see his amused tolerance of his wife's lack of muscle in another famous line. She'd been spring cleaning and had slipped a disc while trying to move an old trunk full of sonnets. "Frailty, thy name is woman," quipped Will.

We can sympathize with his honest rage (this was before dry-cleaning) as he scrubbed the gravy-stain on his new silk breeches and bellowed, "Out, damned spot! Out, I say!"

What man's heart does not warm to The Bard's forthright suggestion, in Henry VI, Part 2, "The first thing we do, let's kill all the lawyers."

Is there a housewife living who has not echoed, at some time, Shakespeare's immortal comment when his wife came home from the butcher with a stringy roast, "This is the most unkindest out of all?"

Many a man has wished he had the gift, and the nerve, that Will displayed the night he got home from the pub, tidily and tardily, and was confronted by his wife, her sister, and his mother-in-law. Did he say he was sorry and would never do it again? Not he. He roared, "How now, you secret, black and midnight hags!"

He knew men, as witness, "Tis ever common that men are merriest when they are from home." He knew women, too. "There was never yet a fair woman but she made mouths in a glass."

As this piece of research ends, I can hear a multitude of English teachers saying, in unison, "For this relief much thanks."

all local clubs are sponsored by Women's Institute groups, which supply financial support and provide leaders.

RECORDS SET IN HEAT WAVE OVER ONTARIO

A heat wave hit Ontario Friday, driving temperatures into the 90's in Toronto and setting a number of records for the May 22nd date.

Toronto recorded the highest temperature in the province, 91.4 degrees at 5 p.m. The previous high was 90.4 in 1911.

London, with 87 at 4 p.m., and Windsor with 88 at 4 p.m., both had records. Previous high for the date in London was 82 in 1944 and for Windsor 84 in 1956.

Sudbury had a record, with a reading of 86 at both 4 and 5 p.m., compared with the previous high of 82 in 1944.

The city ambulance dispatcher in Toronto reported Friday there had been 36 ambulance calls, mostly from elderly people, suffering from the week's erratic weather.

OPPOSITE TRINITY UNITED CHURCH

Diary of a Vagabond by Dorothy Barker

An Example for Youth

During the summer of 1963, Aurora Ontario, (my home town) along with several other towns in Central Canada, celebrated its centenary. To mark the event the Canadian National Railways presented to the town one of the few brass bells from the old steam locomotives still in its possession. This was in recognition of the fact that Aurora more than a hundred years ago was the head of rail in Ontario.

But it isn't the bell I want to write about, it was well publicized during the week-long celebrations. It is about the man who made the presentation on behalf of the company.

Since that sunny July day, W. C. Bowra has become Vice-President of the CN's Prairie Region. I haven't had an opportunity to congratulate him on his promotion but I know why he has arrived at this distinguished executive level in a foremost Canadian company.

He is "Wilf" to his friends and those who have known him on the way up from the beginner's work bench. An outgoing person with apparently limitless vitality, he has a prescription for success, "make work a chief source of satisfaction and cultivate an insatiable desire to know more about your company as a whole."

In one of his first addresses in Western Canada before members of the Chamber of Commerce in Dauphin, Manitoba, he asserted that, "the most fascinating thing about railroading is people. Officers and employees of Canadian National are the living part of the company. It is only through their experience, knowledge, imagination and initiative that an enthusiastic, progressive and dynamic transportation enterprise can be created." If the railway is to realize its full potential, he says, it will do so through the well-informed employee who is proud of his company and his place in it.

Past and Present

Such an expression of opinion is a typical "Bowraism" for earlier he had expressed himself in much the same vein with perhaps a more nationalistic premise. Last June, W. C. Bowra stood on a flat car in a train stationed at the centre of the International Bridge linking Fort Erie, Ontario, and Buffalo, New York. He was there to receive, on behalf of the Canadian National, a certificate naming Sir Casimir Gzowski to the National Railroad Hall of Fame in Portland, Oregon. After tribute was paid to Sir Casimir, architect of this famous bridge linking the two great countries of this continent, Gzowski, it will be remembered, was a libertarian and a rebel against tyranny as well as a railroad man. Mr. Bowra philosophized, "You do well to honor the men whose foresight helped open up these two countries of ours. If it hadn't been for those railroad builders our countries would be on a smaller scale, and it's possible that there would have been more than two countries, since the railroads gave physical meaning to them as national entities."

"We at Canadian National are proud of our history and our predecessor's history. And with this pride in our past we look ahead with confidence to the future."

Pride in his country and his company is what makes Wilf Bowra tick. It is also the stuff vice-presidents are made of.

THEY RELIVE DAYS OF OLD

Presbyterians will relive history when they hold a special service of worship at Glen Mhor children's camp five miles north of Beaverton next month.

But there will be a difference. This time there will be no armed men standing by to guard against attacks by the British.

The service, to be held at 4 p.m. June 7, is part of a tradition perpetuated on the shores of Lake Simcoe each year. It recalls the first Presbyterian services in Scotland 300 years ago.

Then religious freedom was re-

stricted for the Scots and they were driven to the hills and valleys to meet in small groups, called conventicles.

About 3,000 worshippers from all 10 provinces are expected to take part in this year's service. Among them will be delegates to the Presbyterian General Assembly held in Toronto.

The new Presbyterian Moderator, to be elected June 3, will take part together with Rev. R. H. M. Kerr, Moderator of the Toronto and Kingston Synod. The sermon will be preached by Rev. Bruce Molloy, formerly of Australia.

Arrangements for the event are being made by Rev. J. S. Roe and Rev. Donald McQueen and choristers for a massed choir are being assembled by organist Henry Rosevear.

Also attending will be pipers from the 48th Highlanders.

Mr. Roe says his service to the area will be available and inquiries should be directed to Glenview Church in Toronto.

Of special interest is the new camp infirmary named for J. Keiller MacKay, former lieutenant governor of Ontario. It is to be dedicated on conventicle day.

Mr. MacKay and his wife have had a special interest in the modern conventicle since it began six years ago. They have attended each service and have helped in other ways.

HOW THE CANADIAN RED ENSIGN BECAME OUR FLAG

(By Jack Doupe)

Deep in antiquity, the origins of today's flags were sacred symbols often crudely mounted on spears, that marched proudly at the heads of great armies. Figures of animals, boats, and gods; a king's name; such were the symbols used. The office of standard-bearer was one of great privilege and high honor. The mystic powers of these ancient standards, their call upon divine support for victory in battle, was certainly more important than their function of identifying forces in the field. But their very holiness made them a rallying point for troops in even the bloodiest battles. When such a standard was taken by the enemy, it was not just an indignity—as it is even to this day. It was an affront to the gods, certain to be followed by humiliating defeat.

The legions of Rome had at first various standards, but finally the eagle alone marched to the field at the front of the imperial legions. These standards were treated with deepest veneration, guarded off the field in the temples of the city of Rome itself.

After Constantine, Rome's first Christian emperor, the "labarum"—a banner of richest purple silk borne at the head of armies—carried the monogram of Christ. So the divine significance of flags has been carried even into our era.

In the middle ages, pennants and flags of tremendous variety identified noble individuals and noble houses. They bore a multitude of colors and shapes. They marked honors bestowed by the king, and also identified the families that bore them.

Always superior to all were the royal standard, the symbol of the king, that marked the place occupied by him in camp, and the royal banner, the flag the king's army carried into the field.

The royal standard was a flag of "noble size", in heraldic terms, long and tapering towards the fly. (The "fly" is the part of the flag farther from the pole, and the "hoist" the part attached to the pole.) In the age of chivalry in England, the essential element of the royal standard was the cross of St. George, an upright red cross on a white field, conspicuous in the hoist of the flag. Here it has remained in the succeeding national flags of Great Britain, and it is still in the same position in our national flag, the Canadian Red Ensign.

For four centuries of British greatness, the country's field of battle was mainly the oceans of the world. British wars and Britain's imperial power were won in blood shed on the high seas, and the flags of the British countries owe most to the Royal Navy. And Canada's flag was seafaring flag before it was a national flag. In fact, of the 70 countries of the world that fly merchant flags as well as national flags, 39 use the same flag for both purposes.

In the 17th century, each ship in the great naval fleets carried a red, white, or blue flag to show its position—in the centre, the van, or the rear squadron, respectively. Each of these flags had in the upper part of the hoist a "canton" (a rectangular portion, one-quarter or less of the flag) of white with the red cross of St. George. These red, white and blue flags were called "ensigns."

The cross of St. George was the flag of the nation at the time. The cross of St. Andrew, a white diagonal cross on a blue field, was not restored to it until Britain and Scotland were reunited by Parliament (after 60 years) in 1707. In 1801, Ireland joined the United Kingdom, the diagonal red-on-white cross of St. Patrick was added, and the flag assumed its present form—the Union Jack, more properly called the Great Union Flag.

All three ensigns belonged to the Royal Navy, but merchantmen were instructed to fly the Red Ensign as early as 1707. Merchantmen of the colonies also displayed it, but with an authorization from the Admiralty they could wear the Red Ensign with the badge of the ship's colony in the fly.

On January 1, 1776, the day the Continental Army of the 13 colonies came into being, a new flag was hoisted over the American forces on Prospect Hill during their siege of British Boston. The flag bore 13 red and white stripes, and had for its canton the Union Jack containing the crosses of St. George and St. Andrew. It was, as "Encyclopedia Britannica" says, "merely the British Red Ensign, modified by placing six white stripes on the red field." At that date, the colonists were not planning independence, and this flag expressed loyalty to the crown. It continued to be used even after independence was declared in 1776, making the Union Jack canton thoroughly inappropriate. Not until June 1777, did Congress adopt the design for the national flag—the de-

sign that officially replaced the British symbol, which by then had become one of hateful oppression, with the stars of today's Stars and Stripes.

Canada adopted the Red Ensign with the dominion badge for its merchantmen in 1892, just 25 years after Confederation. The arms of the four provinces that united in 1867 formed a Great Seal of the Dominion. The device was never used for that purpose, but it began to appear as an emblem on flags then in use, including the merchantmen's Red Ensign, and on such public monuments as memorials.

If the arms of other provinces had been added as they entered the Confederation, this coat of arms would have become unwieldy and heraldically improper. The present arms, which date from a royal proclamation of George V dated November 21, 1921, include a shield containing the traditional emblems of England (three golden lions on a red field), Scotland (red lion rampant on a gold field), and Ireland (gold harp on a purple field). It also contains the emblem of France (three golden fleurs de lis on a purple field), thus incorporating the one French flag that anciently flew over Canadian soil into the flag that still flies here. Below is a sprig of three maple leaves.

From its use on merchant ships, the Canadian Red Ensign moved, with widespread international recognition, to the position of our flag abroad, superseding the Union Jack. This was written into law in 1924 when Parliament enacted legislation providing for the wearing of the ensign on any Canadian building abroad.

The ensign is the flag carried by Canadian teams in the Olympic Games, and it is the flag worn by our troops in Cyprus to show nationality, though that force is "fighting" under the United Nations flag, not Canada's.

At home, the ensign is the national flag by authority of an order-in-council dated September 5, 1945. This order says it is appropriate to fly the ensign on any occasion when it is desired to mark its Canadian significance.

Canada is coming by its national flag as it has come by so much of its unique nationality; slowly and gradually, by evolution rather than by sudden revolution. From time to time individuals make attempts to hasten the process, usually in the form of private member's bills to clarify the status of the national flag. The most recent such bill was introduced a month ago by J. N. Ormiston, Progressive Conservative MP for Belleville, Sask. None of these bills has been enacted, and almost 20 years later the legal situation is still as it was set down by the 1945 Order in Council.

More typically Canadian, and more effective, than these private bills is the sort of event—of which there must have been countless others—that J.W. Pickersgill reports from the 1943 Quebec wartime conference in his account of the Mackenzie King papers:

"Later that same afternoon, while walking in the Citadel grounds with one of his secretaries, Mackenzie King (Pickersgill quotes) 'saw the Canadian flag and the Union Jack flying side by side in the grounds. This I arranged yesterday. I had been put out when I saw the Union Jack and Canadian flags flying one beneath the other—the Canadian flag beneath the Union Jack, the day that Churchill arrived.' He had subsequently spoken to Churchill about flying the three flags side by side and had then given directions that this should be done. 'I can now say,' he wrote, 'that this was done with agreement between the Prime Minister of the United Kingdom and the Prime Minister of Canada.' He added that both of them agreed that 'the Canadian flag should come in the centre (between the British and United States flags).'"

DISTRICT STUDENTS RECEIVED DEGREES

Twenty-four students from Belleville, Trenton, Picton and Madoc area were among those to receive degrees Saturday, May 23, at two Queen's University Conventions.

At the morning ceremony, the general degree of Bachelor of Arts and Bachelor of Physical and Health Education was awarded in the Faculty of Arts and Science.

In the afternoon Honors Bachelor of Arts and Bachelor of Science degrees was awarded as well as degrees in theology, commerce and arts and science. Graduate degrees was awarded in the School of Graduate Studies.

The following students received degrees:

Honors B.A. Degree—Judith A. Mott, Belleville.

Honors B.Sc. Degree—Michael J.

Long, Stirling; John T. McMullen, Belleville; Charles J. Publow, Picton.

General B.A. Degree—James C. Amm, Trenton; Helen M. Bateman, Belleville; James L. Blue, Madoc; Lorne M. Cane, Carrying Place; Glenys F. Dickie, Belleville; Frances A. Dickens, Belleville; Jane E. Filion, Trenton; William G. Filion, Trenton; Ross A. Fleming, Madoc; Jamie L. Gill, Belleville; Margaret A. Hetherington, Trenton; Robert G. Michaud, Belleville; Margaret E. Pugh, Belleville; Margaret E. Pugh, Belleville; Norá E. Shelter, Picton; David M. Sutherland, Picton; Priscilla E. N. Wagner, Belleville; Luane D. Waite, Belleville.

Bachelor of Physical and Health Education—Lynne A. Fuzzen, Belleville; Margaret A. Hetherington, Trenton; Edward P. Mayhew, Picton.

Degrees and prizes to be awarded to the 1964 graduating class in Medicine at Queen's University will be presented May 30 at a Convocation for Medicine, Law, and Nursing Science.

Those graduating include William F. Bates, Belleville; James D. Dolan, Belleville, and W. T. McCrank, Bancroft.

4-H ANNUAL OTTAWA BUS TRIP

One of the highlights for 4-H members each year is their annual bus trip to Ottawa which is sponsored by County Council. This trip is awarded to the high member in each 4-H Agricultural Club with 85% or over, and the 4-H Homemaking Club members who receive County honors (six projects completed). On Thursday, May 21st, a chartered bus load of 4-H members accompanied by Lyall MacLachlan, Assistant Agricultural Representative, and Miss Elizabeth Spouse, Home Economist, travelled to Ottawa.

At Ottawa, the Hastings group were joined by a busload from Prince Edward County. Mr. Robert Temple, Mr. Rod. Webb and Mr. Douglas Alkenbrack, Members of Parliament for Hastings and Prince Edward, welcomed the group and guided them through the Parliament Buildings, explaining the history and features of the library, tower, senate chamber and other committee rooms. 4-H

members were privileged to be able to spend sometime observing the House of Commons and the Senate in session. Dinner was enjoyed at the Parliament cafeteria, thanks to the three members of Parliament.

In the afternoon members visited the R.C.M.P. barracks and later had a tour of the Central Experimental Farm.

Both groups stopped for supper at the Westgate Shopping Plaza in Ottawa before returning home.

A bright, sunny day, with thousands of tulips at their peak of bloom made the gardens and driveways a sight all present will long remember. A sincere thank you to County Council, Mr. Temple and Mr. Webb for their generosity in making the trip possible and so enjoyable.

Sales are the primary interest of all advertisers. Newspaper advertising gives the highest possible return at the lowest possible cost because newspapers reach more prospective buyers at a lower cost than any other medium.

OUR HIGH SCHOOL

Last Friday Grades 10B and 10E put on a joint program for the assembly and entertained their audience from start to finish. After Beverly Fleming had conducted the opening exercises, the M.C.'s, Marjorie O'Connell and Karen Francis, took over. Marjorie introduced an exotic night club scene in the "Purple Pit" where Mr. and Mrs. Dazzlefoot (Elaine Downey and Brenda Lowry) were entertained by dancing and singing. Karen Francis, Norma Shephens, Betty Maxine and Carol Kelly danced a lively number, then eight beautiful damsels, who shall remain unnamed, performed the Can-can and won loud applause. (We might mention that some of the gay garters later appeared in staid Latin or French or History classes). Singing star, Dianne Bronson, sang "Waltz of the Angels," and two encores, "a la mode des Beatles." She was ably accompanied by some of the Exterminators. Linda Hagerman, Rita Feeney, Carol Kelly and Sandra Smith enacted a gruesome operating table scene with an unexpected ending. Then all the 10B appeared on stage to sing, "Michael, Row the Boat Ashore."

Jim Grant next introduced 10E's first number, a schoolroom scene in which Bob Embury, Albert Reid and Paul Bolyea, as precocious pupils, played havoc with their teacher, Jack Martin. The "piece de resistance" was the Exterminators—Murray Binch on the drums, Eldon Hardy and Allan Dale soloists, and Ralph Adams. Who needs the Beatles in Madoc when the Exterminators are around! They drew such applause that Miss West arranged for them to play for a half-hour during the noon hour. Mr. Super and Mr. Moore supervised this assembly program.

As part of the Agricultural Study program for all grades, the Ag. classes, under Mr. Moore, set an incubator and hatched some twelve dozen chicks, they brooded them for a week. Enough others were bought so that each member of the Poultry Club has five dozen chicks to care for this summer. They will keep records of growth, feed, etc., and will exhibit the chicks at the Madoc Fair this fall.

Janette Booth, David Burnside, Bonnie Cassidy, Carol Foley, Marie Foley, Linda Franks, Ria Howard, Linda Ketcheson and Donald Neal, award winners in the 4-H clubs, were the favoured people last Thursday when they were given a day in Ottawa, visiting the Parliament Buildings and the Experimental Farm. At the Parliament Buildings they were the guests of the three members, Messrs. Temple, Webb and Alkenbrack, who took them on a tour through the building and entertained them to lunch in the cafeteria. Then they drove out to the R.C.M.P. barracks to tour the horse barns there and to watch the Mounted Police practicing for their famed Musical Ride. From here they returned to the Parliament in time to watch the speakers parade into the House of Commons. From their seats in the Public Gallery they listened in on a

A LATE CARD OF THANKS

To our friends, neighbours, relatives and Cooper W. I., for cards, letters, fruit, gifts and phone calls while Donald was in hospital, on account of his accident last February. Special thanks to the doctors, nurses and Mrs. Jean Bailey for her kindness. Thank you one and all.

Mr. and Mrs. Partridge and family

OBITUARY

MRS. WILLIAM ALLAN ROSE

Mrs. Ellen Winnifred, Rose, R.R. 3, Madoc, passed away suddenly on Friday, May 22nd, at the Belleville General Hospital. She was in her 34th year.

Born in Madoc Township, she was the daughter of Mrs. A. Gunter and the late John H. Parks. She had resided at R.R. 3, Madoc for the past three months and previously at Camp Borden. Educated at Cooper and Millbridge, she was a member of the Anglican Church and was well known and highly regarded.

Surviving are her husband, Wm. Allan Rose, seven children, Diana Louise, Richard Allan, Ronald Jeffrey, William Randolph, Debra Ann, Sandra and Melville John, her mother and step-father, Mr. and Mrs. A. Gunter, of Millbridge, two brothers, Arthur Parks, of Belleville, and Paul Parks, of Millbridge, and two sisters, Mrs. C. (Alma) Vesterfelt, of Belleville, and Mrs. L. (June) Smith, of Belleville.

The funeral was held on Monday afternoon, May 25th, from the MacKenzie Funeral Home to Hazzard's United Church where service was conducted by Rev. G. Ambury. Many sorrowing relatives and friends paid final tribute and there were many beautiful floral tributes.

Bearers were: Ronald Devolin, Fred Rollins, Henry Osborne, Doug Chapman, Carl Osborne and Robert Devolin.

Interment took place in Hazzard's Cemetery.

ELDORADO AND
BANNOCKBURN W.I.

The Eldorado and Bannockburn Women's Institute held their May meeting Tuesday afternoon. Mrs. Cecil Blackburn, president, opened the meeting with the Ode and Mary Stewart Collect.

The president of the North Hastings District of the Women's Institute Mrs. Edmond Holmes, of Queensboro, was the guest speaker. She brought us information about our work and encouragement by saying it was an enjoyable and profitable afternoon. Mrs. Holmes closed her address by reading a poem for mother. The poem was rather amusing and yet so true. The real definition of a mother is far different from the one given in Webster's dictionary. Mother has to be capable of many things and to be able to adjust from one to another with speed and helpfulness.

One answer to the roll call was, when using signal lights while driving be sure you signal left when turning left. Some motorists are careless in this regard, which is confusing to other motorists and a risk to lives as well.

The answers to the wedding contest questions were the names of flowers, and was won by Mrs. Gerald

heated question period on the live issues of today—the national flag, a wheat sale to Russia, the Faraday mines at Bancroft and Movie censorship. The rest of us have been hearing these on the radio or reading of them in the daily press, but our fortunate friends were there looking on and hearing! They also visited the beautiful Senate chamber and saw our own Mr. White at his desk.

From the Parliament buildings, they went on to the Experimental Farms, where their guide showed them different plots, giving their content and uses. Wouldn't you like to be a 4-H award winner?

This is the last week of classes for Grade XIII, (we hope). They have next week at home for their final review and preparation for the Departmental exams which begin a week from Monday. Good studying, grade XIII!

The report on the annual Cadet inspection will appear in our next issue.

Blackburn.

Mrs. K. Bateman, branch Tweedsmuir history curator told us of things she had learned at the work meeting for curators held in Belleville recently. Anyone with pictures or happenings of the past pertaining to Eldorado or Bannockburn area are urged to send them or call Mrs. Bateman.

The June meeting will be one week early, at the home of Mrs. Harold Chambers. All women of the several communities are especially invited to attend. To the young mothers with small children, come and bring them along. We are planning a program that we hope will be of interest to all. Prizes will be given the youngest mother, the first-time mother and the most recent mother. We will be discussing available short courses for women and we want to know if you are interested. The course is designed to help women make use of the future and help raise the standard of our homes to the highest level. Some of these courses are only for one day. Your participation in our program does not oblige you in any way. You may not need an organization, but we need you.

TO HOLD FIELD DAY
JUNE 13 AT GLEN CROSS

The Christmas Tree Growers' Association of Ontario will hold a field meeting and demonstration on the farm of J. Shelly Anderson, Glen Cross, Ontario, on Saturday, June 13. Registration and the morning session will commence at 9:00 a.m. at the community hall in Mono Centre (turn east off No. 10 highway, five miles north of Orangeville at Camilla.) Program will include all phases of Christmas tree culture, grading, marketing and commercial equipment displays.

COOPER U.C.W.

The May meeting of Cooper U.C.W. was held at the home of Mrs. Gordon Holmes with a good attendance. The president, Mrs. Wm. Matthews Jr., opened the meeting with Hymn 16. The Purpose of the U.C.W. was repeated in unison.

Mrs. Fred Bailey conducted the Bible study, taken from Romans 12: 1-8. The roll call was answered by naming a mother of the Bible. A short business period followed.

Mrs. Fred Bailey favoured with a piano selection. Mrs. A. Parks had charge of the worship service. Call to Worship, by Mrs. Rex Rollins. Scripture lesson was read from Jeremiah 31: 31-34. Hymn 164, verses 1, 3 and 5 were sung. Offering was taken and dedicated by singing, "We Give Thee but Thine Own." Scripture lesson was

read by Mrs. Fred Moorcroft from Matthew 28: 11-20. Call to worship was read by Mrs. Rex Rollins, followed with the Lord's Prayer.

The hostess and her assistants served a dainty lunch.

First use of jewels as bearings in watches dates back to 1700.

WHAT WOULD HAPPEN—

if your income were cut off ?

Find out how you can protect against loss of income from disability through Canada Life's new Disability Income Plan:

It cannot be cancelled by the Company and is guaranteed renewable to age 65.

No medical is required upon renewal.

Your personal premiums cannot be increased to offset your personal claims.

Disability Income payments are not subject to income tax.

AND HALF PAYMENTS MAY BE CONTINUED FOR UP TO SIX MONTHS SHOULD YOU RETURN TO WORK PART-TIME.

DISTRICT W.I. HOLD 56th ANNUAL MEETING

The 56th District Annual meeting Institute was held in Marmora Town of North Hastings district Women's Hall on May 14th.

Members were welcomed by Mrs. Empey and Mrs. Naylor, of the Marmora branch, and registration was in charge of Mrs. Neal and Mrs. Gordon. Mrs. Edmond Holmes presided for the event. Mrs. Kenneth Nicol was song leader with Mrs. Fred Bailey as pianist.

The minutes of last year's annual and the financial statement were given by the secretary, Mrs. Thomas Hinds. The president, in her remarks noted that she had visited 13 out of the 14 branches during the year.

An address was given by Mrs. Grant McLaren, representative of the Federated Board. She said that there are now 1,431 branches, with 36,055 members in Ontario. Seven senior branches have disbanded. She read portions of an article from one of the farm papers pertaining to the "Freedom from Hunger" campaign. The objective for this fund is \$50,000, and she said, "Let us channel all we can into this fund this year." Those who have pen pals or who sponsor a child were asked to contact Mrs. McLaren before October 1st. An invitation will be extended to hold the national convention in Ontario. There will be a program on farm radio forum entitled, "The role of women in Canadian culture," and guides may be received by applying to Farm Radio office.

Mrs. McLaren suggested that the branches have a program on safety material on poisons is available. She had suggestions for making Canada lovelier for 1967; flowers could be planted in Women's Institute colors or in the form of the W.I. flower emblem and trees would be a lasting memorial. Thirty-nine resolutions had been dealt with by the Provincial Board but the three from the Trent Valley area were lost.

The report from the various standing committees were given and these included the report on agriculture and Canadian industries, which was given by Mrs. L. Trotter. The report on citizenship and education was given by Mrs. McLean, with the public relations report given by Mrs. Maurice Reynolds.

The financial statement was given, showing donations to Institute projects, community projects, health and the various organizations as well as expenses for delegates to conventions, conferences and training school. The total from the district was \$1696.36. The report on historical research and current events was given by Mrs. Frank Slater and one of the topics in this report was a discussion on a Canadian flag and what the Red Ensign means to Canada and to the world. Mrs. Allan Pigden gave the home economics and health report, and noted that there had been demonstrations by 4-H members, a demonstration on a knitting machine and one quilting with an electric sewing machine.

Speakers had included a representative from the Arthritis Society, the home economist, reeves and a volunteer member of the Belleville General Hospital.

The report on resolutions was given by Mrs. W. J. Barlow, who explained that detailed information on how to draft a resolution could be found on page 70 of the handbook. Four resolutions had been sent in, but when these were dealt with later, only one could be sent to the area.

The Rev. J.M.D. McLeod, of Marmora United Church, showed an interesting display of antiques. There were many articles of colored glass, candle holders, teapots and fine china with Mr. McLeod giving a comment on each. From his talk he convinced those present that a number of these articles could be hidden away in attics, which would be most valuable, and the collecting of them could be

HART'S - RIGGS' W. I.

The home of Mrs. Archie Pitt was opened to the May meeting of the Hart's-Riggs' W. I. A good attendance was on hand to begin a new year of Institute work. The new president, Mrs. Carl Fleming, was in the chair, and since the secretary, Mrs. Cecil Woods, was supply teaching in the township school, her office was taken by Mrs. Allan Pigden for this meeting.

The roll call was answered with each member bringing a potted

come a fascinating hobby.

A delicious turkey dinner was served at noon. The afternoon session opened with the ratification of 13 district directors by Mrs. McLaren, followed by an address by Miss Elizabeth Spouse, of the Home Economics Extension Services, who said that 30,000 women and girls train each year in the courses given by the department. The next project for Hastings will be, "More about Finishes."

If more information is desired concerning food forms the secretaries should contact Miss Spouse. She advised taking advantage of short courses and reminded the members that Women's Institutes were sponsored to promote education and citizenship and she warned against the dangers of stressing too much the aspects of making money.

The theme for this year's rally was "Each day of life is a challenge, let us meet it with courage and gladness." The vice-president of the 14 branches answered the roll call by giving a one-minute talk on the theme.

A basket of flowers was placed on the platform in memory of the deceased members, Mrs. George Alvey, Mrs. Robert Bristol, Mrs. Minnie Wannamaker, Mrs. Clifford Clancy and Mrs. Ed. Wannamaker.

Mrs. Keith Bray, district Tweedsmuir curator, gave the branch curators valuable information and helpful suggestions for their Tweedsmuir histories.

The Cooper and Remington branch sang the song which they had prepared for the summary day "Focus on Finishes."

Miss Spouse gave a report of the year's work in the 4-H Clubs and gave the names of the girls who had received county honors and Provincial honors. The Supper Club will be the new club for the fall.

The Farm Safety director, Mrs. Percy Carman, gave an account of the meetings she had attended, including the Farm Safety conference at Guelph. She gave many safety tips to be observed. Those serving banquets or dinners may obtain place mats and serviettes free from the Agricultural Office.

An invitation was extended from the Hart's-Riggs branch to hold the 1965 annual there. The area president, Mrs. S. R. Beatty, brought greetings from the Trent Valley area to Hastings North.

The report of the nominating committee was given by Mrs. Glenn Barlow, and Mrs. McLaren conducted the election of officers as follows: immediate past president, Mrs. Rex Rollins; president, Mrs. Edmond Holmes; 1st vice-president, Mrs. Barton Haggerty; 2nd vice-president, Mrs. Warren Hill; secretary-treasurer, Mrs. George McCrimmon; federated representative, Mrs. Rex Rollins; alternate rep., Mrs. Gerald Clancy; auditors, Mrs. S. R. Beatty, Mrs. Ken Nicol; district delegate, Mrs. Don Kerr; alternate, Mrs. Geo. Graham; public relations officer, Mrs. Harry DeClair; district Tweedsmuir curator, Mrs. Keith Bray.

Conveners for standing committees are: agriculture and Canadian industries, Mrs. Leonard Trotter; citizenship and education, Mrs. Maurice Reynolds; historical research and current events, Mrs. Frank Slater; home economics and health, Mrs. Allan Pigden, and resolutions, Mrs. W. J. Barlow.

MADOC JR. FARMERS

The May meeting of the Madoc Junior Farmers was held on May 21 at Cooper school.

The business part of the meeting was dealt with, Bill Holmes discussed briefly the Junior Farmers' participation in the C.N.I.B. canvassing, which will take place in the near future.

Discussion of Field Day, July 1, which will be held this year in Madoc, saw the formation of a committee to handle details for this event. Committee members are, Ted Sexsmith, Cyril Shaw, Fred Bailey and Allan Franks. Plan now to attend this event.

The guest speaker, Mr. Norton, a representative of the highway patrol, was introduced by Bill Holmes and thanked by Cyril Shaw.

He discussed highway safety and related statistics in relation to accidents during the first four months of 1964. He discussed what the department looks for in a safety check, and stated that your driver's license and insurance papers must be carried at all times.

After his discussion, he opened the floor for questions and the juniors present took advantage, and a lively session followed.

The meeting adjourned. Lunch was served by the boys and a social gathering followed.

It is hoped the juniors will make a special effort to get out to these meetings, as they are missing very interesting speakers.

plant or a slip. Since this meeting had "horticulture" for its theme, it was a most appropriate response to the roll. Later in the meeting, an auction was held of these same plants and the proceeds were given to the C.N.I.B. fund at its banquet and annual meeting the same night. The bidding was brisk and the auctioneer, though female, may present stiff opposition to anyone engaged in this profession.

A concise and interesting report of the district meeting held in Marmora was given by the immediate past president, Mrs. Leonard Trotter. Next year's district meeting is expected to be held at Hazzard's church with Hart's-Riggs' W.I. as hosts.

Mrs. Trotter also had charge of the program, and her talk centred on the horticultural theme, both in flowers and vegetables. She gave an interesting paper on the rhubarb plant, and a visitor at the meeting, Mrs. Wm. Blair, delighted us with an old recipe for rhubarb pie.

Following the singing of "God Save the Queen," a lunch and social half hour was spent. The assistant hostesses were Mrs. Margaret Fox, Mrs. Percy Broadworth, Mrs. John Curtis, and Mrs. Ernest Devolin.

IN MEMORIAM

WALDEN—In loving memory of our dear Dad and Grandfather, Harry Walden, who passed away June 2nd, 1962.

If we could cross the miles today, And say "Hello Dad," in the same old way,

To hear your voice and see your smile, To sit and chat with you awhile. You are gone but your memories Are ever with us today.

Sadly missed and always remembered by daughter, Christena, son-in-law, Glen, granddaughters, Deborah and Darlene Kimmitt.

CARD OF THANKS

I wish to thank all my friends and neighbours who called on me and for gifts, flowers and cards which I received while a patient in Belleville General Hospital.

Mrs. O. B. Jackson.

CARD OF THANKS

I wish to thank friends and loved ones for flowers, cards and deeds of kindness extended to me while a patient in Belleville hospital.

Gladys Demill.

CARD OF THANKS

We would like to express our thanks to the many friends and neighbours for the kindness shown to us and the beautiful floral tributes during the loss of our dear wife and mother, son and brother.

W. A. Rose and family.

CARD OF THANKS

I wish to thank my many friends, neighbours and relatives for the cards, flowers and treats I received while a patient in Belleville General Hospital. An especial thanks to Dr. Mullin, the I.O.O.F. and the Village of Madoc.

Sam Danford.

THE PERILS OF PICKLES

Who would have thought it!

Few people realize the deadly, terrifying ability of the pickle to kill or injure a person for life. Pickles are associated with all the major diseases of the body.

They can be related to most air-line tragedies.

Auto accidents are known to be caused by pickles. There exists a positive relationship between crime waves and the consumption of pickles.

If you don't believe this, consider the evidence:

—99.9 percent of all people who die from cancer have eaten pickles.

—99.7 percent of all people involved in air or auto accidents have eaten pickles within 14 days preceding the accident.

—Nearly all sick people have eaten pickles.

And if that isn't enough evidence, consider these findings from medical research:

—Of all people born in 1839 who later died on pickles, there has been 100 percent mortality.

—All pickle eaters born between 1849 and 1859 have wrinkled skin.

have lost most of their teeth, have brittle bones and failing eyesight —if the ill effects of eating pickles have not already caused their untimely death.

—Even more convincing is the report of a noted team of medical specialists: rates force-fed with 20 pounds of pickles per day for 30 days developed bulging abdomens. Their appetite for wholesome food was destroyed.

Yet, in spite of all the evidence, pickle growers and processors continue to spend their evil. More than ten thousand acres of fertile Canadian soil are devoted to growing pickles. Our per capita consumption is nearly four pounds per year.

Since people must eat, we recommend buttercup-petal soup. We have never heard of anyone dying of cancer, becoming accident-prone, or turning to a life of crime from eating buttercup-petal soup.

Eds Note: We have it on good authority that buttercup-petal soup is not habit-forming either.

They're rich and lovely to look at and at the same time will give you many months of long, hard wear. Send 25c and a stamped self-addressed envelope for Leaflet No. C-8700 to PRAIRIE PUBLISHERS CO-OP LTD., 1410 Scarth Street, Regina, Sask.

C-O-O-L: This slip of a dress, with tiny cover-up sleeves and air-conditioned neckline looks wonderful in silky anel surah print at the Hilton Hawaiian Village. The waist-length jacket buttons to a flat Puritan collar, giving just the right proportions to this Leslie Faye model, designed for the typical Canadian figure. Approx. price: \$40.00.

Your Life and Mine

Put Christian life on orderly basis

By PHYLLIS MITCHELL
NO ONE WANTS life to be a dull, regimented affair. Persons who live according to such a strict daily schedule they will not vary it to the slightest degree are undoubtedly in a rut that deprives them of abundant living.

Even so, it is possible to retard our progress towards a vital faith by failing to have a definite plan for growth. It may be that we think positively, but do not do much about cultivating a serenity that will radiate power.

If we really desire to be vibrant, happy Christians we shall have to do something about promoting this state. Regular worship in a place where we feel God's presence is of course necessary. Then we also need to renew our power every day by a time of quietness with Him. It does not have to be long, but we should try to establish a real contact with God and believe He is sending His peace and strength to us at that moment.

It is good if the "quiet time" can be at the same hour each day, but we must not be disturbed if we have to vary it. We must certainly avoid any tendency to go through a routine with the idea of "getting it done." If you must miss a day, trust yourself to the Lord anyway.

It is often helpful to be methodical about prayers for specific blessings. We are told "ask and ye shall receive." Sometimes needs go around and around our thoughts, but we don't ever get right down to asking God to fill them. Putting our worthy desires on paper is frequently beneficial as we are then able to visualize them and present our prayers more efficiently.

One minister and his wife who experiences great power in prayer keep a card file on which they note the date answers are received, and they report it enables them to pray with increased faith and effectiveness. Sometimes the answer is "No," but they are confident it is the right one for them, even though, it may be difficult to understand at the moment. Decide what you can do to put your Christian life on an orderly basis. Put the ideas into calm, creative action and your happiness will increase.

Famagusta, a seaport on the east coast of Cyprus, was described by travellers as the richest city in the world in the 14th century.

Pattern Price 35c

ON CATS

Reprinted from The Gazette, Grand Forks, B.C.

If you have ever chanced to watch a cat,
And sat for hours studying its skills;
You realize as others have the same,
That cats do almost anything at will.

A cat can sit for eons unaware,
Can look at nothing, then with deadly paws
Bat at a wisp of unseen dusty air,
And never be accused of social flaws.

But men, what do they know of feline creatures?
These bristled, unruly, farried mats;
Not much, I say, because I've never found
A man who's learned to live as well as cats.

—Elaine J. Makortoff

STORMY SEAS

The Roaring Forties is the name given to the seas between 40 and 50 degrees north and south of the Equator.

The penknife originally was carried for the purpose of making and mending gull pens.

Helps You Overcome FALSE TEETH Looseness and Worry

No longer be annoyed or feel ill-at-ease because of loose, wobbly false teeth. FASTEETH, an improved alkaline (non-acid) powder, sprinkled on your plates holds them firmer so they feel more comfortable. Avoid embarrassment caused by loose plates. Get FASTEETH at any drug counter.

7496

tablished local ranchers, write to:
CANADIAN NUTRIA LIMITED,
R.R. NO. 2, STOUFFVILLE, ONT.

EGG SHELL QUALITY

An egg is a marvelous machine. Most of this calcium comes from the long bones of the bird and thus has to be constantly re-
placed. In fact, if a pullet had no
dietary calcium, she could only
put a shell on three to five eggs
before she would have to quit.

The problem of getting a good
shell depends on several things.
Breeding is important since hens
can be bred which have better
ability to put good shells on eggs.
Thus buy birds of known breed-
ing. Certain respiratory diseases,
such as infectious bronchitis,
actually cause birds to lay eggs
with poor egg shape and shell
quality. High laying house tem-
perature also is detrimental to
shell quality as is age of the bird.

This is why problems develop in
the spring and summer months
when most hens are getting to-
wards the end of their production
and the weather is getting warm-
er. Actually, with the warm
weather, the hens eat less feed
and thus get less calcium. Feeding
of additional calcium is very im-
portant in the warm weather.

By far the biggest problem is
feeding the correct amount of cal-
cium. For hens laying an egg
every other day the problem is
not too difficult but for high pro-
ducers there is a real problem.

Feed manufacturers cannot make
a concentrate pellet or mash that
has enough calcium in it to sup-
ply the needs of high producing
hens. Feeding extra calcium on the
feed, in hoppers and the like helps
to get the calcium intake up but
often not sufficiently. Feeding a
complete mash containing at least
2.75 per cent calcium is the best
way but is usually more expensive.

Thus, we have a choice, feed
complete feed which is expensive,
feed extra calcium and try to get
enough to produce fairly good egg
shells or just live with the prob-
lem. But above all, choose a layer
of known breeding that has the
ability to produce eggs with good
shape, shell texture and shell
thickness.

Tahiti natives believed that gods
lived in trees.

Movie Gossip

Danny Thomas is quitting TV
after six years. He figured out
he will have four days off dur-
ing the next year while "taking
it easy." He's booked for per-
sonal appearances, night clubs,
regular office hours at his tele-
film producing company and a
15-minute New York World's
Fair film which he will narrate.

Mia Farrow, 19, daughter of
Maureen O'Sullivan, replaced
Britt Ekland in a movie role at
the Pinewood Studios, London.
Britt withdrew to join her hus-
band, Peter Sellers in the U.S.A.

The Association of Motion
Picture Producers and the Alli-
ance of Television Film Pro-
ducers announced they were
combining to form the Associa-
tion of Motion Picture and Tele-
vision Producers. This repre-
sents an important change in
the patterns of entertainment
industry. The main reason was
the decline in movies. Most of

the studios suffered huge losses
— 20th Century-Fox showed an
almost \$40,000,000 deficit in
1962.

Ray Walston, star of TV's My
Favorite Martian series, has
been signed by producer-director
Billy Wilder to play the star-
ling role with Dean Martin and
Kim Novak in Kiss Me, Stupid.
He replaced Peter Sellers who
suffered a heart attack.

A spokesman said comedian
Milton Berle, 55, is suffering
from bleeding ulcers and was in
a Hollywood hospital for tests
and treatment.

TOBACCO MAY CAUSE CANCER

Arsenic in tobacco could be the
trigger of lung cancer in cigarette
smokers, a researcher suggested
recently.

If that is so then cigarettes
have already become much safer
because far fewer tobacco growers
are using arsenic in sprays to kill
insects, said Dr. Robert H. Hol-
land of the Veterans Administra-
tion Hospital in Dallas, Texas.

He told the American Associa-
tion for Cancer Research lung
cancers have been found in agri-
cultural workers who for years
had used arsenical sprays in their
work.

the studios suffered huge losses
